Annual Magazine

(January 2024 to July 2024)

Our Guiding Values

Right Philosophy | Right Knowledge | Right Conduct

Vision

"To be internationally recognized as a premier institution of excellence providing quality education, research and consultancy services to the global society."

Mission

"Our endeavour is to impart knowledge and develop critical skills necessary to succeed both in professional and personal life by promoting learning supported by world-class faculty, infrastructure, technology, curricula and collaborative teaching and research with premier institutions in India and abroad."

Focus

In our quest to make, the university an ultimate destination for world-class education, following nine-fold priority areas have been identified for actions:

• **Teaching and Learning:** Create conducive environment for an interactive and application oriented experiential learning.

• **Research:** Foster research orientation in students and faculty in basic and applied areas in all its disciplines.

• **Consultancy Services:** Take academic proficiency to corporate and community by providing cost effective solutions.

• **People:** Make Teerthanker Mahaveer University a preferred destination for work and study.

• **Global Perspective:** Encompass a national and international viewpoint into teaching, research and consultancy.

• **Good Governance:** Bring transparency and accountability in university operations.

• **Social Relevance:** Position itself as a catalyst in social change.

• **Entrepreneurial Culture:** Nurture entrepreneurial capabilities to accelerate growth.

• **Sports and Culture:** Provide ample opportunities to develop sportsmanship and love for culture and national heritage.

Workshop on "Research Methodology Major Conceptual Concerns"

Resource Persons: Professor Trilok Kumar Jain, Suresh Gyan Vihar University, Jaipur

Participants : Faculty & Research Scholars

Brief summary of the event:

Guest lecture on Research Methodology was organized in TIMIT. The main speakers of this workshop were Prof. Trilok Kumar Jain (Professor, Suresh Gyan Vihar University, Jaipur) and Prof. Vipin Jain (Principal, TIMIT). The main objective of this lecture was to introduce the basic concepts in research methodology in the Department of Management, address the issues inherent in the selection of a research problem and discuss the techniques and tools employed in carrying out a research project. The scientific method continues to be thought of as having four goals (description, prediction, explanation and control). This wonderful event has succeeded in creating a warm and educational environment providing an opportunity for researchers to come together. Researchers have used this opportunity to gain innovative perspectives and support in their research fields. Keynote speaker Prof Trilok Kumar Jain said it is important to remember that these goals are the same for anything that can be studied through the scientific method. The guest speaker gave detailed information about various research methods and techniques and discussed the advantages and challenges of research methodology. In the end, TIMIT Principal Professor Vipin Jain expressed his gratitude to the keynote speaker Prof. Trilok Kumar Jain and also expressed his wholehearted gratitude to all the researchers and teachers who participated in this workshop.

Workshop on "Significance of Mental Health"

in association with "Parivartan "The Change" NGO

Resource Person: Ms. Ananya Jha

Participants : BBA 3rd Semester Students

Brief summary of the event:

A guest lecture was organized under the aegis of Parivartan NGO in the auditorium of Timit, the main topic of which was Introduction about Mental Health. Ananya Jha was the main speaker of this program. In his address, he said that mental problems not only affect the individual, but it also has significant consequences for the society. This has become a serious problem which the society should look into seriously. As a solution, people need to understand the importance of mental health, and increase awareness related to it. Discussions in the community, awareness programs, and talks on mental health issues in schools can be a step in the right direction. Governments should also keep a serious eye on this issue. They must take necessary steps to provide the right materials, services, and treatments. In the end, he answered the questions of the students and satisfied their curiosity. On this occasion, Principal of TMIMT, Professor Vipin Jain said that there is a need for positive change in the society regarding mental health so that every person can feel free. Everyone will have to resolve to face this issue together and find a solution. In the end he expressed his gratitude to the chief guest of the program and wished for a bright future for the students.

Celebrating National Startup Day

Brief summary of the event:

It is a matter of great pleasure that a lecture was organized on Startup whose main speaker was Dr. Amit Kansal (Professor, TMIMT). In his address the speaker shared the importance of excellence in the startup sector. The highlights were as follows: Importance of thoughtfulness The speaker explained how important it is for startups to be full of thoughtfulness and innovation. He proved that an important part of excellence is that businessmen remain innovative and thinking so that they can address how to improve their product or services. Right decision at the right time The speaker said that successful startups reach where they have taken the right decision at the right time. He told that if there is uncertainty in any decision then it may have to be shifted, but it should be done smartly and to protect oneself. Importance of Team The speaker also stressed on how important it is for startups to have a strong and cohesive team. He said that a unique part of success is that business associations have to work together and understand each other's shortcomings. In the end the speaker tried to explain the importance of excellence for startups and suggested the new liberal approach in the field of entrepreneurship. Professor Vipin Jain, Principal, TMIMT, in his address said that this wonderful lecture has given a new inspiration to the startup community and will help in guiding the budding entrepreneurs in future. In the end he wished for a bright future for all the students and students.

Celebrating 75th Republic Day

Brief summary of the event:

Republic Day was celebrated with great pomp on 26 January 2024 in TMIMT. University Vice Chancellor Prof. Raghuvveer Singh and College Principal Prof. Vipin Jain addressed the students and teachers and hoisted the national flag. In his address, Prof. Singh said that Indians have the power and potential with which they can dominate the world stage, be it in the field of management or technology. Prof. Jain congratulated all the people present on Republic Day and said that TMIMT will help in the upliftment of the young generation in every possible way, due to which the country will move forward on the path of prosperity. All the teachers and staff were present on this occasion. The program ended with the national anthem and distribution of sweets.

Budget Pe Charcha

Participants : MBA First Year Students

Brief summary of the event:

It is a matter of great joy that a budget discussion program was organized in TMIMT in which MBA students participated enthusiastically. The main objective of this program was to make students aware on the importance of budget and make them understand its need and impact. Students expressed their views on various topics and had deep discussions. Speaking on the occasion, TMIMT Principal Prof. Vipin Jain said, Budget is a national policy document prepared to support development and progress in various sectors. Therefore, it is important that our students understand the importance of budget and discuss about it. This discussion program proved to be valuable and educational and a good medium for students to gain more insight into the budget process.

Career Counseling Session Career after Graduation

Resource Persons: Mr. Rajkumar Gupta (Director-The Prep Board) and Mr. Dheeraj Kapoor (Branch Manager-The Prep Board)

Participants : BBA and B.Com. Students

Brief summary of the event:

A career counseling session was organized in TMIMT auditorium for the bright future of BBA and B.Com students, which was inaugurated by worshipping Goddess Saraswati and honoring the visiting guests. The main speakers of this session were Mr. Rajkumar Gupta (Director-The Prep Board), Moradabad and Mr. Dheeraj Kapoor (Branch Manager-The Prep Board). The main objective of this session is to give guidance and inspiration to the students for higher education after graduation and how to prepare for CAT and MAT exams and how to study systematically by making their own time table. In this workshop, students were given information about various career options and their career related curiosity was quenched. On this occasion, TMIMT Director Prof. Vipin Jain told the students that to pass the CAT and MAT exams, we should not just study but we should study with concentration and interest because we always remember the studies done with concentration and interest. Exam results are also good and he also said that students should attend such workshops so that they can improve their careers. In the end, he expressed his gratitude to the guests and wished for a bright future for the students.

Udhyamita

Let's Rise...

Participants : All TMIMT'ians

Brief summary of the event:

Today was a very important day in the history of TMIMT. This program was organized at TMIMT to promote entrepreneurship, in which practical models of different types of businesses were demonstrated by students of different departments. Whose main objective was to improve business knowledge. The program was inaugurated by lighting the lamp by Mr. Gopal Mehta ji (Director, Ken Group), Mr. Devansh Kumar (Founder, True World Event & Entertainment Pvt. Ltd.), Mr. Yash Kumar (Mr. Asia International 2020 and Founder SMV Restaurant & Club) and teachers. To increase the motivation of the winners of the entrepreneurship program, prizes were distributed to all the students participating in this program. The winner of the first prize in this program was Miss Naina Rastogi and Group (B.Com, First Year). Whose business idea is to provide you the option of customized suits as per your personality using Artificial Intelligence. There was a tie in the second prize, the first winner was from Riya Agarwal and Group (BBA International Business, Second Year). Their business idea was the concept of edible crockery, in which the customer can consume the crockery after having the meal. This is a business idea popular in foreign countries which is completely new to India and is an essential concept for the rapidly growing food market. The second winner of the second prize was from Ran Bahadur and Group (MBA, First Year) who today presented a business model to bring a new revolution in agriculture in the future by making vermicompost organic fertilizer. There was also a tie among the winners of the third prize in which the first prize in the third prize went to Jatin Yadav (BBA General Second Year), whose business idea Patient Emergency Service can help a patient reach the hospital on time and save his life, this business model was presented and the second winner of the third prize was Vaishnavi from Suryansh & Group (BBA, International Business First Year). In their business model, they presented a new alternative to coffee beans, how we can get a coffee-like experience from date seed powder. Director of the institute, Prof. Vipin Jain said in his statement that programs like "Entrepreneurship" are very important for the students of any institute, because with its help, we will be able to theoretically learn and understand new business models in the future.

FUN DAY

Participants : All TMIMT'ians

Brief summary of the event:

It is a matter of great joy that like every year, "Fun-Day 2024" was organized in TMIMT this year too. The program was inaugurated by lighting the lamp by TMU Dean Academics Prof. Manjula Jain, TMIMT Principal Prof. Vipin Jain and teachers. Students participated enthusiastically in "Fun Day 2024" and set up various types of stalls. Food stalls, shopping stalls, games stalls were set up among the stalls. In the food stalls, students and businessmen set up various stalls like momos, pizza, dhokla, ice cream etc. along with electronics and cosmetics etc. Among the games stalls, stalls like lucky draw, ring main etc. were set up. All the stalls were looking very attractive. Along with this, the students of TMIMT enthralled everyone by showcasing their talent through dancing, singing etc. Students displayed their talent by setting up different types of stalls. The objective of setting up the stalls was to teach management and entrepreneurship skills to the students and to showcase their capabilities in front of everyone. All the teachers and students had a lot of fun in the "Fun Day". In the end, Prof. Vipin Jain expressed his heartfelt thanks to all the organizers of the Fun Day like Arihant SalvEx Pvt. Ltd., Kisan Ceramics, Treat-O-Clock Restaurant etc.

MBA Excellence Quest

in Association with Firstnaukri.com

Participants : All MBA First Year Students

Brief summary of the event:

TMIMT-TMU leaves no stone unturned in providing quality education and skill development to its students. Lectures, syllabus, internships, live projects, industry visits and various workshops have been organized here in a very effective manner for the career development of the students. The students who are produced through this are exceptional and such qualified students are in great demand in the business world. In the order of this all-round development, First Naukri.com, a branch of the country's well-known company "Naukri.com", organized a "First Naukri.com-F.N.A.T. Test" to test the MBA students and to make them quality level, in which all the students of MBA first year participated enthusiastically. The students were tested with four assessments during the 2-hour assessment and their progress report was sent to their email ID. A series of continuous small assessments in the development of students leads to a great improvement in quality and gradually the students become ready as per the corporate requirements and join the companies. This assessment test was conducted under the guidance of Mr. Akash Bhatnagar, Assistant Director, CRC. On this occasion, TMIMT Principal Professor Vipin Jain said in his address that to conduct the placement process in the college, we have not only made extensive industry connections, but they are also invited to build relationships with the students and guide them. We are confident that our students are ready in every way to fulfill their dreams by showcasing their abilities and with full commitment. In the end, he expressed his gratitude to all the teachers and placement cell of TMIMT who conducted this program and wished the students a bright future.

Vidhik Jagrukta Shivar

in Association with Jila Vidhik Seva Pradhikaran

Resource Persons:

Ms. Kiran Bala (Additional District Judge) & Dr. Ajay Kumar (District Judge)

Participants : All Management Students

Brief summary of the event:

A legal awareness camp was organized by the District Court Moradabad under the auspices of the District Legal Services Authority in the premises of TMIMT, in which a seminar was organized on the topic of drug de-addiction awareness campaign. The key speakers in this program were Mr. Vimal Verma (Additional District Judge), Mrs. Trisha Mishra (Chief Judicial Magistrate), Mr. Vinay Jaiswal (Railway Magistrate), Mrs. Ritu Narang (Social Worker and Trainer Art of Living) and Prof. Vipin Jain. (Principal, TMIMT Moradabad). All the speakers mainly presented their views on de-addiction and said in one voice that addiction has its own spiritual meaning, which deprives a person of his freedom and health. The opposite of addiction is de-addiction, which helps us achieve freedom of mind, body and spirit. Recovering from drug addiction can be a long journey, but it is possible with struggle and dedication. We have to remember that in getting rid of drug addiction, not only we have support, but our family and society also have to support us. We have to support each other, support each other, and walk with each other. In the end, TMIMT Principal Professor Vipin Jain expressed his gratitude to all the guests and honored them with mementos and administered an oath to the students not to get addicted to drugs.

Parent Teacher Meeting

For MBA Students

Participants : MBA Students

Brief summary of the event:

Today in TMIMT, a parent-teacher meeting was organized for MBA students through online and offline medium, which is a new beginning in itself. The main objective of this event was to make parents aware about the progress of the students and to give them detailed information about the progress of their children. So that along with teachers, parents can also give important contribution and right direction to the students in becoming successful people in future. Teachers of every class interacted with the parents of the students of their respective classes through webinar and provided them detailed information about their children. Along with this, important information was also provided about the various programs to be held in the institute in the coming time, so that the parents can also contribute in the progress of the children along with the teachers. Principal of the institute, Professor Vipin Jain, said that TMIMT has always been talking about the all-round development of the students and this is possible only when along with the teachers, the parents of the students also come shoulder to shoulder with the institute and support the students. Can move towards a bright future. In the end, he thanked all the parents who came for sparing their valuable time to make this meeting a success.

Career Counselling Session Career after Graduation

Resource Person:
Mr. Rituraj Saxena, T.I.M.E Institute

Participants : BBA Students

Brief summary of the event:

A career counseling session was organized in TMIMT auditorium for the bright future of second year BBA students, which was inaugurated by worshipping Goddess Saraswati and honoring the visiting guests. The keynote speaker of this session was Shri Rituraj Saxena (Time Institute). The main objective of this session is to give guidance and inspiration to the students for higher education after graduation and how to prepare for CAT and MAT exams and how to study systematically by making their own time table. In this workshop, students were given information about various career options and their career related curiosity was quenched. On this occasion, TMIMT Director Prof. Vipin Jain told the students that to pass the CAT and MAT exams, we should not just study but we should study with concentration and interest because we always remember the studies done with concentration and interest and the exam results are also good, and he also said that students should attend such workshops so that they can improve their careers. In the end, he expressed his gratitude to the guests and wished for a bright future for the students.

Industrial Visit T.T. Industries Ltd. Gajraula

Participants : MBA 1st Year Students

Brief summary of the event:

It is a matter of great joy that the first year and second year MBA students of TMIMT took an industrial visit to TT Industries (Textile Company), Gajraula. The main objective of which is to know the various functions of TT Industries to get information about the functioning of the industry, to study about the production of TT Industries, to better understand the machinery technology used in the production and automation in the production of TT Industries. It is not easy to manage hundreds of skilled and unskilled workers at the same time and meet the stringent quality norms and production targets of the company. How managers, production engineers, employees work together to achieve a common goal is a management lesson in itself. Therefore this industrial visit was very beneficial for the MBA students. Professor Vipin Jain, Principal, TMIMT, in his address said that industrial visits provide students an opportunity to meet industry professionals, entrepreneurs, policy makers and corporate who share their knowledge, learning and experiences. These interactions are useful for the students in their careers and help them develop leadership qualities, management skills and learn about the working of the industry. Industry interactions are also helpful in updating the curriculum when there are significant changes in prevalent technologies. Teachers also get to know about the latest trends in the industry. In the end, he expressed his gratitude to the teachers who managed the industrial tour and wished for the bright future of the students.

21st February, 2024

Yoga Session

Resource Person:

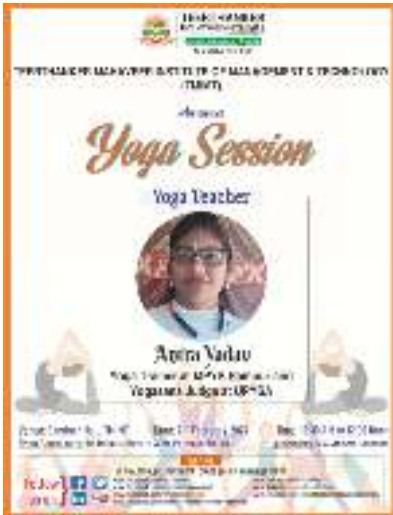

Ms. Antra Yadav - Yoga Trainer

at MPYS Rampur and Yogasana Judge at UPYSA

Participants : BBA 4th Sem. Students

Brief summary of the event:

A seminar on Yoga methodology was organized by Miss Antara Yadav (Yoga Trainer Uttar Pradesh Yogasana Sports Association) for the students of BBA 4th semester at Teerthankar Mahaveer Institute of Management and Technology (TMIMT). In which knowledge was given to increase physical, mental and spiritual energy through Yoga Asana, Pranayama, Surya Namaskar and meditation to make the body healthy and increase immunity power. During this, he explained how asanas like Matsya Asana, Bhujang Asana etc. are done and which diseases are cured by doing them. Along with teaching yoga exercises, he also told that through yoga asanas, the stomach is cleaned properly and the digestive organs are strengthened. Yogasanas make the spine flexible and replenish the spent nerve power. Yogasanas provide strength to the muscles. This reduces obesity and makes a weak or thin person healthy. He also told the students that Yogasanas increase intelligence and give new energy and freshness to the power of perception, so that we can concentrate more on studies and achieve our goals. Miss Antara ji satisfied the curiosities of the students by solving their questions very easily and said that yoga should always be done under the supervision of a yoga guru. TMIMT Director Prof. Vipin Jain said in his statement that when you are completely healthy, you are not only physically but also mentally and emotionally healthy. Health does not mean absence of disease. These are the dynamics of life that show how full of happiness, love and energy you are. Yoga teaches us the method of sitting, pranayama and meditation combined. One who practices regularly gets innumerable benefits. In the end, Prof. Jain expressed his gratitude to the Yoga Guru and said that he will continue to conduct such Yoga classes.

Movie Mantra

Mapping Goals to Future

...An art to learn management skills through cinema

Participants : MBA 2nd Sem. Students

Brief summary of the event:

Like every year, this time also a program to teach management qualities through Movie-Mantra films was organized in TMIMT, in which films depicting various aspects were screened and discussed. Cinema is a powerful medium to convey social, economic, business methods etc. aspects to a large section of the society and education under it is provided in good business colleges. In the first phase of the program, some films were shown to the students which give a strong message to the society. In the end, the organizing teachers threw light on the learning received from corporate movies and the students gave their presentation on clips of films under Movie Mantra. Director Prof. Vipin Jain said in his address that sometimes out of box teaching pedagogy provides students an opportunity to learn corporate culture and corporate working and students also get an environment to learn from each other. In the end he expressed his gratitude to the teachers who conducted this program.

Alumni Talk

"A Road Map To Hospital Management"

Resource Person: Ms. Meghna Jain

Participants : MBA 2nd Sem. Students

Brief summary of the event:

An alumni talk was organized today in TMIMT auditorium. The main speaker of which was Dr. Meghna Jain, who was an MBA (Hospital Management) student of TMIMT and is today working in Fortis Hospital Noida. In his statement he shared his personal experiences of how he faced difficulties towards his goal and ultimately achieved success. He advised students to focus on personal growth, the importance of studying in limited time, and the need for anticipation and struggle to achieve dreams. This talk motivated the students to get a job and motivated them to move forward in the right direction. By sharing the story of his struggle, he said that only through struggle can one reach the heights of success. TMIMT Principal Prof. Vipin Jain gave a vote of thanks after Dr. Meghna's motivational speech. While appreciating the students' inspirational words, he noted their hard work, struggle, and success. Through his address, he wished for a bright future for the students and urged them towards success.

Guest Lecture "Road Map to Join CavinKare"

Resource Person: Mr Athul
Senior Manager, CavinKare

Participants : MBA 2nd Sem. Students

Brief summary of the event:

An excellent lecture was organized for the MBA students at TMIMT on the theme "Road Map to CavinKare". In this lecture, Mr. Athul, Senior Manager, CavinKare Company, shared his expertise and guided the students towards excellence in career. With this amazing achievement, TMIMT students received vital information and support to make their mark in the professional world. With the wide knowledge and experience of Mr. Athul, the students got to know the process of joining CavinKare company. In this program, TMIMT students revealed their outstanding talents and promoted their entrepreneurship. The enthusiasm and cooperation of the students made the lecture even more important and meaningful. Principal of TMIMT, Prof. Vipin Jain congratulated on the occasion and expressed his heartfelt thanks to Mr. Athul. He said, this achievement will provide an excellent opportunity for the students to establish a new direction in their career. Through this excellent lecture, TMIMT expresses its commitment to provide expertise and experience to students along with high educational standards.

Industrial Visit T.T. Industries Ltd. Gajraula

Participants : BBA 2nd Sem. Students

Brief summary of the event:

The BBA 2nd semester students of TMIMT embarked on an enlightening industrial visit to T.T. Industries' Gajraula Manufacturing Plant of Textiles. The visit was aimed at providing students with practical insights into the operations and processes of a leading textile manufacturing facility. Led by faculty members and industry experts, the students were given a comprehensive tour of the manufacturing plant. They were introduced to various stages of the textile production process, from raw material sourcing to final product packaging. The visit offered students a firsthand experience of the intricate machinery and technology involved in textile manufacturing.

During the visit, students had the opportunity to interact with industry professionals and gain valuable insights into the challenges and opportunities within the textile sector. They also learned about the importance of quality control, safety measures, and environmental sustainability practices implemented by T.T. Industries. The industrial visit to T.T. Industries' Gajraula Manufacturing Plant of Textiles proved to be a rewarding experience for the BBA 2nd semester students, offering them valuable insights and practical exposure to the textile industry. Principal of TMIMT Prof. Vipin Jain expressed his gratitude to the teachers who managed the industrial tour and wished for the bright future of the students.

Social Activity

Sashakt - the Capable

Old Age Home, Moradabad.

Participants : BBA 2nd year Students

Brief summary of the event:

A social work was organized by TMIMT under the banner of "Sashakt", in which students and teachers reached "Old Age Home" and distributed food items, clothes and necessary items in the old age home there. Students of second semester BBA participated in it. Under this programme, the students of BBA II Semester set an example of organisation, cooperation and solidarity. The students and their teachers, in this critical moment, selflessly utilized their labor and time to serve an essential segment of the society – the old age people. The students visited old age homes and spent time with the residents and distributed food, clothing, and stationery to them. In this program, a team of students gave a wonderful message inculcating the spirit of charity and service. Principal of TMIMT, Prof. Vipin Jain welcomed this social action work and appreciated the positive initiative of the students. He said, through this social work, our students understand their responsibility towards the society and realize the importance of social service.

Book Mantra

...Something magical can happen, when you read a book

Participants : BBA 2nd Semester Students

Brief summary of the event:

Book Mantra program was organized today at Teerthankar Mahaveer Institute of Management and Technology (TMIMT). During the event, students received lectures on their favorite books and imparted valuable learning. The main objective of this program was to make the students understand the knowledge and lessons hidden in books apart from studies. Students shared their thoughts by explaining their favorite books, so that other students can also get inspiration from those books. The students explained various dimensions of literature through their presentations, which will help other students in becoming prosperous and empowered citizens. Speaking at the programme, TMIMT Principal Prof Vipin Jain said that books not only provide us with knowledge but also provide constant inspiration and guidance in our lives. Such programs help students understand the importance of books. In the end, Prof. Vipin Jain thanked the organizers of the program and said that such a program should help students understand the importance of books as well as get continuous inspiration from them.

11th March, 2024 Co-Curricular Activity "Extempore" Speak To Lead

Participants : All Management & Commerce Students

Brief summary of the event:

TMIMT B.Com. "Extempore Competition – Speak to Lead" was organized for the students of B.Sc. The main objective of this competition was to speak extemporaneously under the pressure of time limits. This competition provides an important platform to students to promote their speaking ability. Here, the students were encouraged to speak without any preparation within the given time limit. Extempore Competition encouraged students to be prepared for extemporaneous questions and to have the ability to think clearly and effectively in a manner appropriate to a situation. In this event, students displayed their amazing speaking skills. He expressed his views on various topics and showed his articulate and time-limited speaking ability. Prof. Vipin Jain, Principal, TMIMT, expressed on the occasion that, informal competition is a great medium to enlighten and develop the speaking skills of the students under time limit. In this competition, students developed their speaking abilities and proved that they could present their ideas accurately within the time limit. In the end certificates were given to the winning students. Prof. Vipin Jain expressed his gratitude and thanks to the teachers who organized this program.

Excursion Tour Mussoorie & Dehradun

Participants : MBA Final Year Students

Brief summary of the event:

TMIMT organized a two-day excursion trip to Mussoorie and Dehradun for final year MBA students. Students enjoyed entertainment and other activities during this trip. Enjoying the winter in Mussoorie, the students took in the sights and turned it into a memorable trip of their life. Apart from this, the visit to Forest Organization Research Institute, Mussoorie Zoo, Dehradun Science Exhibition Center also proved to be an educational experience for the students. The students participated in various entertainment programs during the visit, which provided them an opportunity to bond with their fellow students. Along with this, they also got the opportunity to learn about the conservation of the rich wildlife and natural resources of the Forest Organization Research Institute. The trip was not only a source of entertainment for the students, but it also increased their awareness about natural resources. The education gurus who organized this trip, while sharing their experiences, said that this trip will prove to be a unique experience for every student, which enriches them educationally and socially. On this occasion, TMIMT Principal Professor Vipin Jain said that the endeavor of the institution has always been to provide students the opportunity to gain comprehensive knowledge and experience. The objective of this trip was to take the students to an environment rich in experiences along with education. In addition, students also participate in group activities, professional seminars of partner organization, and recreational activities. In this visit, the students satisfied their curiosity and gained important knowledge about their student life at the Forest Research Institute. In the end, he also expressed his gratitude to the teachers who conducted this tour and congratulated them for the successful conduct of this tour.

STARTUP MAHAKUMBH-2024

Organized by ASSOCHAM along with industry stakeholders
DPIIT, Invest India, Startup India and National Startup Advisory Council,
Ministry of Education

Participants : MBA, BBA & B.Com. Students

Brief summary of the event:

A group of students from the Department of Management under the aegis of IIC at TMIMT participated in an informative program for the much awaited Startup Mahakumbh-2024 at Bharat Mandapam, New Delhi. The event was led by (Associated Chambers of Commerce and Industries of India in collaboration with industry stakeholders like NASSCOM, IVCA, TIE, Global Booster) Foundation and was jointly organized by DPIIT, Invest India, Startup India and National Startup Advisory Council, Ministry of Education and Supported by other government organizations. With India Innovates as the central theme, the event included mentorship clinics, pitch competitions and a multi-track conference that included leadership talks, panel discussions, workshops and many exciting activities for startups as well as future entrepreneurs. Celebrated for its vibrant confluence of ideas, ambitions and learning, the event provided an invaluable platform for budding entrepreneurs to interact, share and grow. There was active participation from five dynamic teams of students from TMIMT College of Management (TMU). Full of innovative ideas and enthusiasm to make their mark in the world of entrepreneurship, these teams presented their concepts to a diverse audience including investors, fellow entrepreneurs and industry experts. The ideas presented were a testament to the students' creativity, technical skills and problem-solving abilities. The startup ideas included – (VIBIQI & AI Men's Fashion Solution), Suvidha – Online Services, Vermicompost – Compost through Organic Waste, Green Right – Eco-Friendly Stationary Solutions, TYSAA Skin Care (Organic Skin Care Handmade Products) which launched their startups. Presented/presented) business ideas to experts. They covered a range of areas including technology, AI, agriculture, healthcare, sustainable solutions and digital platforms, reflecting the multidisciplinary approach developed at the university. On this occasion, TMIMT Principal Professor Vipin Jain said that the main objective of making students participate in this program was to get the opportunity to engage in meaningful interactions with various startup founders and entrepreneurs. These exchanges provided rare insights into the practical challenges and triumphs of running a startup. Eminent speakers from across the globe shared their knowledge and experiences and enlightened the attendees about the intricacies of building and sustaining a startup. In the end, he expressed his gratitude to the members of IIC who organized the program and wished for the bright future of the students.

Holi Milan & Alumni Meet

Participants : Alumni from first batch till 2023 passout

Brief summary of the event:

Like every year, this year too an alumni meet and Holi meet was organized at the TMIMT of Teerthankar Mahaveer University. In TMIMT, management students were welcomed with tilak and flower garlands. The ceremony was started by garlanding Goddess Saraswati and lighting the lamp. Director of the institution, Prof. Vipin Jain assured all the alumni of full support in future. Prof. Jain highlighted the importance of this event and said that the alumni act as mentors for the current students. Students should decide their career by taking inspiration from their alumni students. Around 63 alumni students participated and lectured on the quality and achievements of the institute. In their speech, the students emphasized that the management students of our institute can work in any place in India and the world and we have been hoisting our flag in the field of Indian management for the last decades. TMIMT Alumni students told that professionals working in the field of business should prepare their passport at the time of studies and should be completely dedicated towards their work. Also resolved to continue the work of the Alumni Association smoothly. On this occasion, management students presented a colorful cultural program. Through this meet, more and more pass out students of TMIMT are coming together on one platform who will play an active role in the future activities of TMIMT. At present, in all the big educational institutions, placements etc. are conducted by the alumni only, which is probably happening here too. The students also interacted with TMIMT's Corporate Resource Center and were told how new students can get jobs in big companies. Alumni meet is a very important thing for the students and such events will continue in future also. All the teachers were present on this occasion.

Entrepreneurship Development Cell Financial Wisdom: Make Your Money Work Harder Than You

Participants : All Management Students

Brief summary of the event:

A guest lecture was organized for the management students in the auditorium of TMIMT in collaboration with Entrepreneur Development Cell on the topic "Financial Wisdom: Make Your Money Work Harder Than You". Shri Suryakant Sharma (Senior Consultant, AMFI, ex DGM SEBI) was the main speaker. In his address, the main speaker discussed in detail about the risks and requirements related to investment and said that it is necessary for every person to have insurance and investment in the right amount at the right age. He gave information to the audience about various savings schemes run by the government and mutual funds and other options. More than 200 people participated in this program, in the end the audience got their curiosities resolved through questions from Mr. Suryakant Sharma. Got it done. Professor Vipin Jain, Director of Entrepreneur Development Cell, in his address said that personal finance management is very important for every person because in today's time it is very important for every person to be financially independent, hence the money saved should be spent at the right place at the right time. Investing is a challenging task and those who become adept at it remain financially independent in old age. At the end of the program, Deputy Director of Entrepreneur Development Cell, Professor Amit Kansal expressed his gratitude to the keynote speaker and wished for the bright future of the students.

Excursion Tour Nainital

Participants : BBA-IB&E First Year Students

Brief summary of the event:

First year students of BBA in International Business of TMIMT visited Nainital tourist spot. The students participating in this tour got a chance to immerse themselves in the ideal environment of Nainital. This involved traveling from the lake shore to the top of the valley. This excursion tour became a good medium of educational support as well as entertainment for the students. During the tour, the students also got to know the local culture and natural beauty. Naini Lake is the main attraction of Nainital. Seeing this during the tour was a unique experience for the students. Walking on the banks of the lake and enjoying the natural beauty of Nainital was fascinating. Naini Devi Temple, it is a major Hindu religious place located in Nainital. Visiting this temple during the tour gave the students an experience of local culture and religious heritage. Students enjoyed this unique experience with their friends and also studied the history and natural beauty of Nainital. The tour organizers followed key safety and education guidelines. Professor Vipin Jain, Principal, TMIMT, in his address said that this excursion tour provided the students with a memorable and educational experience in Nainital as well as with their peers. "In the end he wished a bright future for all the students."

Educational Visit to Cosmos Hospital

Participants : MBA(HM) 2nd Semester Students

Brief summary of the event:

TMIMT's MBA Hospital Management students showcased their unique abilities and work ethic in a recent hospital visit. In this unique experience, our students gained the unique opportunity to understand various aspects of hospital management and operations. He visited various departments in the hospital, observed the process of patient care, and studied the administrative functions of the hospital. The students learned the importance of teamwork across different departments of the hospital, which is vital in the running of the hospital. Students got the opportunity to understand the process of patient care, such as examining the patient's health, treatment process, and ways to help them, etc. Speaking on the occasion, TMIMT Principal Professor Vipin Jain said that through this experience, our students not only enhanced their academic knowledge but also demonstrated their acumen in hospital management. He has also pledged to contribute to the service of the society. We thank the MBA Hospital Management students for their experience, and appreciate their excellence. We wish him excellent progress in his future.

Co-Curricular Activity

Movie Mantra

Mapping Goals to Future

... An Art to Learn Management Skills Through Cinema
Participants : BBA-IB&E 4th Semester Students

Brief summary of the event:

A program was organized for the second year students of BBA in International Business at TMIMT to teach the qualities of management through films under Movie-Mantra (Student Learning Pedagogy Concept) in which films depicting various aspects are shown and discussed. Cinema is a powerful medium to convey social, economic, business methods etc. aspects to a large group and education is provided under it in good business colleges. In the first phase of the program, some films are shown to the students which give a strong message to the society. In this sequence, the organizing teachers threw light on the learnings received from Madam Geeta Rani Movie and the students gave their presentation on the clips of the films under Movie Mantra. Director Prof. Vipin Jain said in his address that sometimes out of box teaching pedagogy provides students an opportunity to learn corporate culture and corporate working and students also get an environment to learn from each other. At the end he expressed his gratitude to the teachers who conducted this program.

Innovation Club Activity

Peer to Peer Program

Topic: Data Analytics

Participants : MBA 2nd Semester Students

Brief summary of the event:

Innovation Club organized a program for TMIMT MBA 2nd semester students called Peer to Peer Program on the subject of Data Analysis. The speaker of the program was Mr. Pratik Johri, a TMIMT MBA student. He provided information to the students on important issues of data analysis and taught them how to work effectively in this field. This program provided an excellent opportunity to the students to gain more knowledge in the field of data analysis and understand the latest technological advancements. Mr. Johri shared important points in his lecture to provide information to the students about data analysis, ways of using data and its applications. Addressing the students, Prof. Vipin Jain said that this peer to peer program helps the students to come in contact with the highest educational standards and enhance their knowledge process. Through this, students gain deep knowledge on specific topics and are motivated for further development.

Guest Lecture on

"Entrepreneurship and Growth"

in Association with Swadeshi Jagran Manch

Brief summary of the event:

In collaboration with Swadeshi Jagran Manch, a guest lecture was organized on the subject of entrepreneurship and development for the management students of TMIMT. This lecture is an important medium to make the students companions of the business world, which will help them to take a step forward towards success in their future. On this special occasion, the lecturers Mr. Kashmiri Lal (All India Organizer) and Dr. Rajiv Kumar shared important knowledge about the importance and development of entrepreneurship with the students present. Also, various aspects of business and its development were discussed. They informed the students about the important and favorable elements of investing in the business world. Principal of TMIMT, Prof. Vipin Jain, in his address said that this excellent and inspiring lecture provides a new vision of business possibilities to the students and inspires them towards self-reliance, innovation and excellence. In this lecture, important things about prosperity through entrepreneurship were discussed and the students were inspired to think and work anew in the field of entrepreneurship. On this extremely successful occasion, Prof. Vipin Jain thanked the guests who came.

Tablet Distribution Ceremony

Participants : MBA-C Students

Brief summary of the event:

It is a matter of great joy that laptops (tablets) were distributed to the students of MBA Corporate program being run under the aegis of UR Services Pvt. Ltd. in TIMIT. The program was inaugurated by lighting the lamp by the Vice Chancellor of the University, Prof. V.K. Jain, Director of TIMIT, Prof. Vipin Jain and Director of UR Services Pvt. Ltd. Dr. Rachit Agarwal and Mr. Saurabh Gupta (CEO, TSG Group of Companies). Laptops (tablets) were distributed to all the students of MBA Corporate first year by the Director of TIMIT, which sent a wave of joy among the students. Vice Chancellor of the University, Prof. V.K. Jain, in his address said that in today's modern times, the use of technology in the field of education is increasing rapidly. Through this technology, students can maintain contact with teachers not only in the classroom but also outside and can solve their problems. Keeping this objective in mind, UR Services Pvt. Ltd. distributed laptops (tablets) equipped with all modern facilities. Prof. Vipin Jain explained in his speech that how through laptop (tablet) you can improve your personality and also keep yourself updated with the events happening all over the world. Through this tablet, students are taught to master case study, power point presentation and Excel so that they can soon make their place in the corporate world.

Marketing Quiz

Participants : All MBA Students

Brief summary of the event:

An entertaining and informative quiz competition was organized for the MBA students of the Marketing Club of the institute in the seminar hall of TMIMT. This competition was for those students who wanted to test their knowledge in the field of marketing and branding. In this competition, the students defeated each other by demonstrating their ideas and knowledge. Questions were asked on various topics such as marketing concept, brand management, digital marketing and social service marketing. On this occasion, TMIMT Principal Professor Vipin Jain said in his address that the purpose of organizing this quiz competition was to promote the personal development of the students as well as to create a collective and educational environment among them. The teachers who direct the Marketing Club said that this type of competition gives the students an opportunity to perfect their knowledge and increase their certainty in the business world. The winners of this competition were honored. Through such events organized by the institute, the students will be helped to get a structured guidance in the business world.

Guest Lecture on "Cloud Computing"

In Association with Whizhack Technologies

Resource Persons: Mr. Arpit Chaudhary & Mr. Abhay Mishra - Trainer Whizhack Technologies

Participants : MBA 2nd Semester Students

Brief summary of the event:

With great joy, an excellent lecture was organized for the MBA students of TMIMT. The main topic of this lecture was Introduction to Cloud Computing. Mr. was present as the chief guest. In this special lecture, Mr. Abhay Agarwal (Resource Person Whizhack Technologies) explained the important points of cloud computing and its applications in a great way. He provided detailed information to the students about the benefits, use, and technical features of cloud computing. Along with this, he also told that cloud computing is a technical scheme in which data and services are available to most users through the Internet. This technology allows computing resources to be shared through the web, so that users do not have to manage local technical resources. Its major benefits include interchangeability, scalability, and security. Examples of cloud computing can include web-based email services, online storage, and statistical services. It is characterized by high utility in the modern technological era and is used in various sectors, such as business, education, health and other areas. In this excellent lecture, all the students were explained in depth how cloud computing can be effectively used in various fields in business organizations. Addressing the gathering, Principal of TMIMT, Prof. Vipin Jain said that this lecture proved to be an important experience for the students and they got a chance to gain the latest knowledge in the field of cloud computing. The students listened to this lecture with enthusiasm and seriousness and through this they will get new directions in their studies. In the end, Prof. Vipin Jain expressed his heartfelt gratitude to all those who helped in organizing this lecture. And said that we resolve to organize more such informative programs so that our students can be led towards excellence. More than 60 students participated in this activity.

In Association with Whizhack Technologies

Resource Persons: Mr. Arpit Chaudhary & Mr. Abhay Mishra - Trainer Whizhack Technologies

Participants : BBA & B.Com. First Year Students

Brief summary of the event:

In the Cyber Security Lab at TMIMT, the Ethical Hacking Club in association with Whizhack Technologies organized a program called Hackathon-The Digital Detective. Its main objective was to provide information about digital networks and encourage those students who do not have any knowledge about digital technology and how hacking in digital technology can be prevented and how various types of data of their company can be saved from being hacked. A program was organized on this and later a competition was also organized so that students could draw their attention towards this. In this program, 100 students were selected out of a total of 1200 students who participated in The Digital Detective program through this club and later three of these participants, Sujal (B.Com. 1st Year), Kirti Seth and Vanshika (BBA 1st Year) were awarded first, second and third prizes. On behalf of Whizhack Technology, the company's Vice President Mr. Sovik Sarkar was present in this program and two experienced ethical hackers of his team, Arpit Chaudhary and Abhay Mishra ji, took this program forward. In his address at the end of this program, TMIMT Principal Professor Vipin Jain said that in today's time cyber security is an important field in which every student should be well aware. This program not only promotes the knowledge of the students but also gives them indications of new employment opportunities. By advancing with TMIMT, we express our support for such excellent programs that inspire students to move forward and help in building a safe and aware community in digital technology.

Industrial Visit to "Parag Dugdh Utpadak Sahakari Sangh Ltd."

Participants : BBA-IB&E First Year, Sec.A Students

Brief summary of the event:

The first year students of TMIMT BBA (International Business) had an excellent educational tour to Parag Dairy, Dalpatpur. Their main objective was to study in-depth about the milk products. In this tour, the students studied in-depth the manufacturing process, marketing and marketing methods of the company's products. In this tour, the students got information about the establishment and development of Parag Milk Producer Cooperative Union Limited. They were explained the production process and management there, which increased their business knowledge. They also got to know the importance of sales and packing of products. This will help them gain the necessary knowledge to work in this field and help them understand the challenges that lie ahead. Dr. Vipin Jain, Director, TMIMT, said on this occasion that TMIMT has always been organizing industrial tours along with classroom education, which helps students to achieve success in their career. Through this educational tour, the students understood and learned important aspects of the business process. This tour will contribute significantly to their studies and professional development. In future also, TMIMT will continue to organize such tours to improve the quality of the students.

Industrial Visit to Coca-Cola Happiness Factory Moon Beverages Ltd."

Participants : MBA First Year Students

Brief summary of the event:

TMIMT's MBA first year students made an industrial visit to Coca-Cola Happiness Factory Moon Beverages Limited Greater Noida with the main objective of- To gain knowledge about the working of the industry, to know the various functions of Coca-Cola, to study about the production of Coca-Cola, to better understand the machinery technology used in production, to know about the industry environment, to understand the automation concepts in the production of Coca-Cola. To make the students experience how professionals live, to learn about various management concepts like Just in Time or Lean Manufacturing and how they are applied in work. Managing hundreds of skilled and unskilled workers at the same time and meeting the stringent quality norms and production targets of the company is not easy. How managers, production engineers, employees work together to achieve a common goal is a management lesson in itself and hence this industrial visit was quite beneficial for the MBA students. Professor Vipin Jain, Principal, TMIMT, in his address said that industrial visits provide students with an opportunity to meet industry professionals, entrepreneurs, policy makers and corporate who share their knowledge, learning and experiences. These interactions are useful for students in their careers and help them develop leadership qualities, management skills and learn about the working of the industry. Industry interactions are also helpful in updating the curriculum when there are significant changes in the prevailing technologies. Also, faculty members get to know about the latest trends in the industry. In the end, he thanked the teachers who managed the industrial visit and wished the students a bright future.

Industrial Visit to "Parag Dugdh Utpadak Sahakari Sangh Ltd."

Participants : BBA-IB&E First Year - Sec.B Students

Brief summary of the event:

The first year students, Sec- A of TMIMT BBA International Business had an excellent educational tour to Parag Dairy, Dalpatpur. Their main objective was to study in-depth about the milk products. In this tour, the students studied in-depth the manufacturing process, marketing and marketing methods of the company's products. In this tour, the students got information about the establishment and development of Parag Milk Producer Cooperative Union Limited. They were explained the production process and management there, which increased their business knowledge. They also got to know the importance of sales and packing of products. This will help them gain the necessary knowledge to work in this field and help them understand the challenges that lie ahead. Dr. Vipin Jain, Director, TMIMT, said on this occasion that TMIMT has always been organizing industrial tours along with classroom education, which helps students to achieve success in their career. Through this educational tour, the students understood and learned important aspects of the business process. This tour will contribute significantly to their studies and professional development. In future also, TMIMT will continue to organize such tours to improve the quality of the students.

Corporate Fiesta 2024

Participants : MBA-C & BBA-IB&E First Year Students

Brief summary of the event:

A program named Corporate Fiesta was organized for the students of BBA (International Business) and MBA (Corporate) of TMIMT. It was organized at Samsara Resort, Ramnagar. The main objective of this program was to make the students aware of corporate culture. Corporate culture refers to the values, beliefs and behaviors that determine how the employees and management of a company transact, perform and handle business transactions. In his address, Professor Vipin Jain, Principal of TMIMT, said that this type of work education is an integral part of education. It focuses on the development of both knowledge and skills in students. It prepares them to enter the world of work. Work education provides students with opportunities to participate in social and economic activities (inside and outside the classroom). Dr. Rachit Agarwal (CEO) and his team from UR Services were also present in this program. At the end of the program, Professor Jain wished all the students a bright future.

Investor Awareness Program

Participants : Faculty Members

Brief summary of the event:

It is a matter of great joy that in order to increase the awareness of investors in the field of education, an important guest lecture was organized in TMIMT in which the topic of Investor Awareness Program was discussed. This guest lecture was conducted by Mr. Sumit Saxena (Senior Manager) and Mrs. Karishma Makkar (Company Secretary) as keynote speakers. In this excellent guest lecture, Mr. Sumit Saxena and Mrs. Karishma Makkar provided teachers with information about key issues for investors, market rules, and various options available to investors. This program will not only be helpful in creating awareness among the investors but will also help in equipping the teachers with the latest investment and market information. Prof. Vipin Jain, Principal, TMIMT, said that it is heartening to see the active participation of teachers in the guest lectures, and we thank them for their excellent participation. We hope that more such excellent programs will be organized which will help in the development of teachers and increasing their awareness.

Investor Awareness Program

Resource Persons:

Mr. Sumit Saxena (Sr. Manager)

Ms. Karishma Makkar (Company Secretary)

Participants : MBA-C & BBA-IB&E Students

Brief summary of the event:

Once again an important step has been taken to make investors aware, TMIMT organized an investor awareness program for BBA-IB and MBA-Corporate students. Important information and important messages for investors were discussed in detail in the event. Important personalities, Mr. Sumit Saxena (Senior Manager) and Mrs. Karishma Makkar (Company Secretary) were present as key speakers. Students got better knowledge about the important elements of investment, ways of investing and benefits of investing. They also gave important tips to the students for success in the investment market through their experiences. The main objective of this program was to make students aware about investors and help them understand the importance of financial freedom. On this occasion, students increased their knowledge and were motivated to increase their awareness in the investor market. Addressing the students, Prof. Vipin Jain said that through this program, our joint efforts were aimed at making our students gain more information in the field of investors and secure their future through financial freedom. For this outstanding achievement, we thank the esteemed speakers who helped our students in investor awareness.

Excursion Tour to Rishikesh

Participants : BBA First Year Students

Brief summary of the event:

Student Fun and Education Tour was organized for the students of BBA 1st Year of TMIMT in Rishikesh wherein the students were taken to a place away from their normal routine environment under the supervision of the institute management as the main aim of education is to impart knowledge. Imparting knowledge through practical experience is one of the ways to make learning more interesting. There are various ways through which colleges try to deliver academic concepts. One of the most effective ways is by organizing educational tours. Nowadays colleges have made educational tours a part of their curriculum making studying engaging and entertaining. The importance of educational tours in college is manifold. In his address, Principal of TMIMT Prof. Vipin Jain said that through fun and education tour, students get an opportunity to exchange ideas, possibilities of personal development increase manifold, opportunity to learn better networking is provided. In the end, he thanked the teachers who conducted this program successfully and wished the students a bright future.

Excursion Tour to Adventure Island

Participants : BBA 4th Semester Students

Brief summary of the event:

A tour was organized for the BBA 2nd Year students to Adventure Island, Delhi, a leading adventure park that is a hub of various thrilling activities. The exciting games and activities here helped the students bond together and understand the importance of teamwork. The students of TMIMT made the most of this experience, which not only provided them with entertainment but also contributed significantly to their development. Speaking on the occasion, Professor Vipin Jain, Principal, TIMIT said that through this unexplored journey, the students not only explored new places but also discovered and developed their hidden talents. This tour is going to infuse new energy and courage in their lives. This journey not only provides educational benefits to the students but also helps them understand various aspects of life and become capable citizens. Through this trip, the students of TMIMT not only developed their skills in professional and personal life in a nuance manner but also learnt the important values of teamwork and leadership. In the end, he thanked the teachers for organising this event and wished the students a bright future.

Workshop on "Research Methodology"

Resource Persons:

Dr. P.N. Mishra- Former Director IMS, Devi Ahilya University, Indore |
Dr. Anupam Jain Professor Chair, CIKS, TMU

Participants : All Research Scholars of Management and Jain Studies

Brief summary of the event:

Its is a great immense pleasure that Teerthanker Mahaveer Institute of Management and Technology (TMIMT) organized an insightful workshop on "Research Methodology" on May 2, 2024. The workshop featured distinguished guest speakers: Dr. P.N. Mishra, Former Director of the Institute of Management Studies (IMS) at Devi Ahilya University, Indore, and Dr. Anupam Jain, Professor Chair at the Centre for Indic Knowledge Studies (CIKS), TMU. Dr. P.N. Mishra delivered an engaging session on the fundamentals of research design, hypothesis formulation, and data analysis. He emphasized the importance of a systematic approach to research, particularly in the field of management, and encouraged scholars to adopt innovative methods in their work. Dr. Anupam Jain focused on qualitative research methods, particularly within the context of Jain Studies. His session explored the application of traditional and contemporary methodologies in researching ancient texts and practices. Dr. Jain's guidance on balancing historical perspectives with modern research techniques was especially valuable to scholars pursuing interdisciplinary studies. At the conclusion of the workshop, Professor Vipin Jain, Principal of TMIMT, shared his thoughts on the importance of such workshops in fostering academic growth and preparing scholars for future research challenges. He expressed his gratitude to the distinguished speakers for their valuable contributions and thanked them for inspiring the participants.

Faculty Development Program (FDP) "Academic Writing - A Guide to Effective Writing"

Participants : All Faculty members of Management &
Commerce Department

Brief summary of the event:

A highly successful Faculty Development Programme (FDP) on Academic Writing was held for the faculty of TMIMT, aimed at elevating academic quality and promoting a culture of scholarly writing. The keynote speaker for the programme was Dr Deepa Kumari from a university in Noida. The programme aimed at equipping researchers and faculty members with basic writing skills witnessed eager participation and impressive results. The main goal of the FDP was to provide participants with the necessary skills and strategies to improve their academic writing skills. The highlights of the programme were that the two-hour programme covered a wide range of issues related to academic writing, including how to organize writing material, how to make strong arguments, how to conduct and collect data along with reviews, how to cite sources. Dr Deepa Kumari led engaging discussions, provided insightful analysis and useful recommendations to the participants. Active participation led by the participants through raising several issues faced by them during writing and discussion activities, group critiques and individual counselling enhanced the educational process and helped the participants to improve their writing abilities. Addressing the event, Prof Vipin Jain, Principal, TIMIT said, the importance of teachers' writing skills is immense. Through high-quality academic writing, we can motivate more learners and make their studies meaningful. This program provides teachers with essential tools and techniques to improve writing skills. Moreover, through this program, teachers have been motivated to enhance their updated writing abilities. In the end, Prof Vipin Jain also thanked the chief guest and the teachers who conducted the program.

Faculty Development Program (FDP) "Wellness Protection: Educator's Health Insurance Primer"

Participants : All Faculty Members of Management & Commerce Department

Brief summary of the event:

A faculty development program was organized in TMIMT, the topic of which was *Wellness Protection Educator Health Insurance Premier*. The keynote speakers of this program were Mr. RP Singh (Branch Manager, Niva Bupa Health Insurance Co. Ltd.) and Mr. Vishal Kumar. Both the speakers are working in high positions in the health insurance sector. In their address, both the speakers highlighted the importance of health insurance and said that health insurance has become a necessity in today's era. Modern lifestyle, changing eating habits, stress and use of medicines have made the increasing risk of health problems even more severe. Health insurance gives a person the confidence to deal with these many challenges. Along with this, he also told all the teachers present about the benefits of health insurance, such as without health insurance, sudden expenses for sudden illness or medical needs can become a financial burden. Health insurance policy provides a collection of money for sudden needs through regular premium payments, so that a person can keep his budget balanced. Health insurance not only protects the person's health but also the future of his family. This provides them an important means of self-reliance. Some types of health insurance were also explained such as 1. Individual Health Insurance 2. Family Health Insurance 3. Senior Citizens Health Insurance 4. Corporate Health Insurance. Some teachers satisfied their doubts by asking questions. In his address at the end of the program, TMIMT Principal Professor Vipin Jain said that the importance of health insurance is increasing in today's era and it makes a person self-reliant to take care of his health. He also thanked the speakers who came and congratulated the teachers who conducted this program for the successful conduct of this program.

Guest Lecture on "The Impact of Information Technology on Modern Business Practices"

Resource Person: Dr. Abhishek Pathak, Assistant Professor, Utranchal University

Participants : B.Com. 2nd Sem. Students

Brief summary of the event:

A guest lecture was organized at TMIMT through online platform on the topic "The Impact of Information Technology on Modern Business Practices". The keynote speaker of this program was Dr. Abhishek Pathak, Asst. Professor. In his address, he said that information technology has not only changed the business scenario but has completely redefined it. IT has made business processes more efficient, faster and accurate. Highlighting the contribution of IT in business processes, he said, automated systems, such as Enterprise Resource Planning (ERP) and Customer Relationship Management (CRM), have made business operations seamless and systematic. These technologies have improved the quality of production as well as reduced costs. Mr. Pathak also underlined the importance of IT in business communication. Email, video conferencing and instant messaging apps have empowered global business. Now teams located at different locations can communicate in real time, which has accelerated the decision-making process. By knowing all these things, the students gained a lot of knowledge, the students also satisfied their curiosity by asking some questions. Professor Vipin Jain, Principal of TMIMT, said that information technology has taken the business world to a new height. Through continuous innovation and advanced technologies, there are possibilities of even more change and progress in the business world. Thus, Mr. Abhishek Pathak clarified that information technology has widely influenced modern business practices and it has become an important tool for the business sector. At the end of the program, Professor Vipin Jain thanked the guests and wished the students a bright future.

Guest Lecture on "Universal Human Values Contributing Towards Management Practices"

Resource Person: Dr. Deepika S Joshi, Associate Professor, Tecnia Institute of Advanced Studies
New Delhi

Brief summary of the event:

A special guest lecture was organised for MBA students at TMIMT College. The topic of the lecture was "Universal Human Values Contributing towards Management Practices". The keynote speaker of the lecture was Dr. Deepika S Joshi. Dr. Joshi, a renowned academician and human values expert, shared her experience and knowledge with the students. She elaborated on the importance of human values in the field of management and also explained how these values play a vital role in the sustainability and success of organizations. On this occasion, Dr. Joshi explained through examples of various management practices how human values like ethics, empathy, and honesty are helpful in becoming an effective manager. She encouraged the students to adopt these values in their future career and take decisions based on them. Welcoming Dr. Joshi, Prof. Vipin Jain, Principal, TMIMT said, "Dr. Joshi's lecture was extremely beneficial and inspiring for our students. He not only made our students aware of the technical aspects of management but also inspired them to think from a human perspective. Students asked questions to Dr Joshi after the lecture and learnt a lot from his experiences. The aim of the programme was to make students understand the importance of ethics and human values in management, which was fully achieved. Such lectures will be organised in future too so that students can be prepared to step into the professional world with a broader outlook and ethics.

Understanding Universal Human Values

Human values and ethics refer to the principles, ideals, and standards that guide human behavior and decision-making. They are fundamental beliefs and concepts that help individuals determine what is right and wrong, and how they should interact with others and the world around them. While values are personal and can vary from person to person, ethics are a broader set of principles that society deems acceptable and ethical behavior.

Educational Visit to Whizhack Technologies Pvt. Ltd.

Participants : MBA (Cyber Security) Students

Brief summary of the event:

It is a matter of great joy that a special educational tour was organized for the students of TMIMT MBA (Cyber Security) to the Gurgaon office of Whizhack Technologies Pvt. Ltd. The main objective of this tour was to provide practical experience and information about the latest technologies in the field of cyber security to the students. Whizhack Technologies Pvt. Ltd. Company gave detailed information to the students on various aspects of cyber security and provided them an opportunity to experience their high-tech environment. Along with this, the students were also trained, which created a wave of joy among the students. After the training, the students also asked questions to the trainer. Highlighting the importance of this tour, Dr. Vipin Jain, Principal of TMIMT, said that this is a unique opportunity for our students so that they can understand the latest technologies and practices used in the industry. This will inspire them to touch new heights in their career. And also said that the students have been provided with practical knowledge and experience which is extremely important for their academic and professional development. During this tour, the students gained information on various cyber security practices, risk management and methods of managing cyber threats. Apart from this, they also got a chance to see the processes of development of cyber security solutions and their implementation. Dr. Vipin Jain told that the course of MBA in Cyber Security and B.Com. in Blockchain Technology is run in the Management College of Teerthankar Mahaveer University under the aegis of Whizhack Technologies Pvt. Ltd. In the end, he thanked everyone and wished the students for their future.

Cyber Guru Pro Program: Ethical Hacking

in Association with "Whizhack Technologies"

Participants : B.Com. & BBA Students

Brief summary of the event:

It is a matter of great pleasure that Cyber Guru Pro Program has been organized in TMIMT College in collaboration with Whizhack Technologies Pvt. Ltd. The program was inaugurated by lighting the lamp by the Principal of TMIMT and the guests from Whizhack Technology. This program is based on ethical hacking which aims to spread awareness among the students about the consequences of internet data hacking and its various adverse consequences. The programs aim to develop the skills of the students so that they can protect their communication devices from being hacked and save their digital data. The mixed participation of students of MBA, BBA and BCom programs in the ethical hacking program and their keen interest in it proves the importance of this program. Professor Vipin Jain, Principal of TMIMT instructed the students to gain some new insights into emerging technologies through the ethical hacking program and he highlighted the scope of the program in building the career of the students. Cyber Guru Pro program is being conducted by the trainers coming from Whizhack Technologies and these leading trainers are trying to provide the skills to protect the digital data from hacking by using coding in the applications

Workshop on Micro, Small and Medium Enterprises (MSMEs)

On the Occasion of International MSME Day
Speaker: CA Jyoti Sapra

Participants : Students of Management & Commerce

Brief summary of the event:

A workshop was organized for management students through online platform at TMIMT, the keynote speaker of which was Chartered Accountant Jyoti Sapra. In her address, she gave important information to the students on Medium, Small and Micro Enterprises (MSME) form and enriched their knowledge. The main objective of this workshop was to make the students aware of the importance of MSME forms and the process of filling them. Jyoti Sapra elaborated on the various types of MSMEs, their beneficial schemes, and the correct methods of filling the form. She also made the students aware about the registration of enterprises under MSME, government schemes and tax benefits. The speaker answered the questions of the students during the workshop and explained the subject in a simple and clear manner through various real-life examples. She also shared important things to keep in mind while filling the MSME form, so that they can complete this process without any hassle in future. At the end of the workshop, Professor Vipin Jain, Principal of TMIMT, said that the information shared by them was extremely beneficial and that this workshop was not only important for the students from the academic point of view but also proved to be helpful in enhancing their professional skills. Such workshops will be organized regularly in the future so that the students can gain updated knowledge and practical experience.

Expert Talk on "Empowering Digital Safety: Windows Security"

Speaker: Mr. Sanjay Bandyopadhyay, Sr. Cyber Security Consultant

Participants : Students of Management & Commerce

Brief summary of the event:

A special guest lecture was organized online for Management and Commerce students at TMIMT. The topic of this lecture was Empowering Digital Security - Windows Security. The event was graced by the presence of Mr. Sanjay Bandyopadhyay, a senior cyber security consultant, as the chief guest speaker. During this important lecture, Mr. Bandyopadhyay discussed in depth the various aspects of digital security and provided important information about Windows security to the students. He explained how Windows security can be used properly to avoid cyber attacks and keep your data safe in today's digital age. Mr. Bandyopadhyay informed the students about the latest trends and tools of cyber security and gave them practical tips that they can apply in their daily lives. He also explained how personal and business data can be kept safe by using various security features of Windows. Welcoming Mr. Bandyopadhyay, Principal of TMIMT, Professor Vipin Jain said that such lectures prepare students for real-world challenges and provide them with technical expertise as well as security awareness. Students also participated in this lecture with great enthusiasm and asked various questions to Mr. Bandyopadhyay. This guest lecture made the students aware about the importance and requirements of digital security and motivated them to make a career in this field.

Faculty Development Program (FDP) on Introduction to Cyber Security

Speaker: Mr. Anubhav Choudhary, Cyber Security Expert

Participants : Faculty of Management & Commerce Department

Brief summary of the event:

It is a matter of great pleasure that a one-day Faculty Development Programme (FDP) was organized for the teachers of Management and Commerce Department of TMIMT. The theme of this FDP was "Introduction to Cyber Security" which aimed to familiarize the teachers with the important aspects of cyber security. On this occasion, the Chief Guest Mr. Anubhav Chaudhary, a Cyber Security expert from Whizhack Technologies Pvt. Ltd., shared his extensive knowledge and experience. Mr. Chaudhary highlighted various aspects of cyber security and discussed the latest trends and challenges in this field. The program started with the welcome address by Prof. Vipin Jain, Principal of TMIMT, in which he emphasized the importance of cyber security and underlined the need to organize such programs to increase awareness in this field. During his presentation, Mr. Anubhav Chaudhary gave detailed information on the basic principles of cyber security, identification of threats and measures to prevent them. He explained the complexities of cyber attacks through real-life examples and discussed the measures to prevent them. At the end of the program, a question-answer session was organized in which teachers asked their questions related to cyber security and Mr. Chaudhary gave detailed answers to them. The main objective of this program was to equip teachers with the latest information in the field of cyber security and to encourage them to do research and teaching in this field. Prof. Vipin Jain expressed his gratitude and thanks to the guest for this successful event and also thanked the organizer and hoped to organize such informative programs in future as well.

Faculty Development Program (FDP) on Governance, Risk and Compliance

Speaker: Ms. Deblina Maity, Information Security Expert

Participants : Faculty of Management & Commerce Department

Brief summary of the event:

It is a matter of great pleasure that TMIMT successfully organized an online one-day Faculty Development Program (FDP) on “Governance, Risk and Compliance” for Management and Commerce teachers. The objective of the program was to make the teachers aware of various aspects of governance, risk management and compliance and to enhance their depth of knowledge. The keynote speaker of the program was Ms. Deblina Meti, an expert in information security. Ms. Meti shared her experiences with the teachers present and discussed in depth the various dimensions of governance, risk and compliance. She explained how important these aspects have become in today’s fast-changing world and how complying with them in the right manner ensures the security and growth of the organization. During the program, the participants gained knowledge about the importance of governance, methods of assessing various types of risks and ways of regulatory compliance. Ms. Deblina made the subject even more interesting and practical through various real-life examples. The Principal of TMIMT said that such developmental programmes are extremely necessary for teachers so that they can impart the latest and relevant knowledge to their students. He said that the knowledge and skills gained from this programme will bring a new perspective to the participants in their teaching methodology. At the end of the programme the participants thanked Ms. Deblina for her valuable contribution. The event provided an opportunity to the participants to share their views and gain new perspectives for their teaching. All the faculty members of Management and Commerce Department of TMIMT attended the programme and found it highly beneficial.
