1 The University

The Annual Report for the academic session 2023-24 of the University attempts to reflect the various facets of the University and its colleges. As is expected of an academic institution, Teerthanker Mahaveer University has grown steadily in terms of its infrastructure and addition of contemporary courses with a dynamic curriculum.

Teerthanker Mahaveer University is a Jain Minority State Private University established by Act No. 30 of 2008 of the Government of Uttar Pradesh and has been approved by University Grants Commission (UGC) under Section 2(f) and UGC (Establishment of and Maintenance of Standards in Private University) Regulations, 2003. The university is located on Old National Highway-24 and is barely 144 Kms from National Capital, New Delhi. The University stands committed to the ideals of Lord Mahaveer i.e. Right Philosophy, Right Knowledge, and Right Conduct in all its operations and aspire to be recognized as premier institutions in India and abroad.

The University owes its origin to Teerthanker Mahaveer Institute of Management and Technology (TMIMT), which forayed into professional education in the year 2001 by offering courses such as BBA, BCA, MCA, MBA and B.Ed. After the university came into existence in 2008, these programs are being run under the TMIMT College of Management, College of Computing Sciences & Information Technology and College of Education. Subsequently, colleges/departments like: Dental, Medical, Engineering, Pharmacy, Nursing, Para-medical Sciences, Physiotherapy, Law, Physical Education, Polytechnic, Fine Arts, Jain Studies and Agriculture Sciences have been created to meet the rising aspirations of the youth. Currently, the University offers wide range of programs having high employability potential through its 14 on-campus colleges and 2 independent departments. The University has made extensive collaborative arrangements with leading national and international institutions to ensure quality education.

The existence of any university lies in the creation of new knowledge through research in order to improve the lives of people. For strengthening the research in the larger interest of the society and to provide a platform to its faculty and researchers to share their research experience and innovations with the world, the University is publishing six in-house research journals viz. Viewpoint in Management, S&T Review in Engineering, Pharmacoarena in Pharmacy, TMU Journal of Dentistry in Dental Sciences, Acta Medica International in the Medical Sciences, and IJRTCSIT in Computer Science disciplines.

The university stands as a beacon of excellence in education with a distinguished array of achievements and accolades. It proudly holds UGC 12B status, signifying its recognized status in higher education. Its Innovation and Incubation Centre (IIC) has earned a prestigious 4 Star Rating, endorsed by rigorous standards of innovation. Recognized by the Government of Uttar

Pradesh under its start-up policy, its Business Incubation Centre, established in 2018, fosters cutting-edge entrepreneurial ventures. The NBA accreditation of its B. Tech. (CSE) program underscores its commitment to quality technical education. With NAAC Accreditation Grade-A and a commendable overall score of 3.15, the university ensures high standards across all disciplines. DSIR registration further enhances its credibility as a hub for scientific research and development. The ICAR accreditation of its B. Sc. (Hons.) Agriculture program reflects its leadership in agricultural education and research. NABH Accreditation of the university hospital reinforces its commitment to healthcare excellence. Recognized as a SIRO by the government, it facilitates significant research partnerships. ISO certification and NABL Certification further validate its operational and academic standards. Graded A by QCI for Nursing and Paramedical disciplines highlights its excellence in healthcare education. As a proud member of UNAI (United Nations Academic Impact), the university is globally connected in advancing educational goals. Recently awarded Diamond band status as an Institution of Prominence in OBE Rankings 2024, and positioned in the prestigious band of 51-100 in the Innovation category of NIRF India rankings 2023, it continues to lead through innovation and academic distinction.

Achieving Diamond Category in Sustainable Institutions of India Green Rankings 2024 further underscores its commitment to sustainability. Rank 11 among India's Top Private Universities for Medicine and Allied Courses and Teerthanker Mahaveer College of Pharmacy securing Rank 4 in Uttar Pradesh by IIRF are testament to its exceptional contributions to the field of healthcare education and research.
