Agenda-4 (Medium of examinations (B.P.Ed., M.P.Ed. & PGDYED) -English / Hindi).

It seems that students belonging to rural areas are not well versed with language of English. So they feel uncomfortable in understanding and attempting the question papers only in English language. The students interacted this matter with faculty members numbers of times and stress that English/Hindi should be the language of attempting the question papers. Most of the universities and entrance tests of public and private agencies for providing employments allow the candidates to attempt the question papers in both English/Hindi medium. The BOS discussed the matter thoroughly and in the benefits of the students resolved that students may be allowed to attempt the question papers in both English/Hindi medium.

Agenda-5 (Change of Elective & core course in M.P.Ed. IV Semester).

The proposal put up by faculty member Dr. Sartaj Khan that every student is not capable to work on dissertation. So it may be an elective subject so that competent students only work on the dissertation. He also suggested to move course code MPED454 to the elective course and shift the course code MPED403 in place of MPED454 i.e. vice-versa. The proposal was approved and resolved by the members of BOS.
