INDUSTRY ACADEMIA INTERFACE

At TMIMT we sincerely believe that activities must have a positive bearing on a student's academic and personal development. This balance is essential to equip them with the strategies to handle challenging tasks of the business environment. Corporate Resource Centre (CRC) acts as a vital interface to bridge the gap between Industry and Academia. It actively conducts varied activities like workshops, seminars, industrial visits to support its core objectives of formulating need-based and result-oriented training programs. The placement activities are further supplemented through business expert interaction through live projects and special industry guided lectures.

As a team, we thrive on the philosophy of innovation and evolution in quality and contemporary education; constantly adding value to the professional life of the students.

Various initiatives have been taken to develop students to be industry ready professionals.

Corporate Mentorship Programme

In Corporate Mentorship Programme senior luminaries from various industries act as mentors to prepare students, through frequent interactions in terms of answering career related queries with the medium of telephonic conversations, emails and personal meetings.

Corporate Interface

CRC organizes activities like Guest Lecture, Personality Development Programme (PDP), Seminars/ Workshops, Corporate Checkmate, Industrial Visits and initiating active membership through Industry Association and Chambers is a part of our interface program. Also, networking through events organized by NODIA MANAGEMENT ASSOCIATION, AIMA, DMA, Industry Associations like - SIDCUL MANUFACTURING ASSOCIATION, HARIDWAR and PANTNAGAR, National Level Chambers, helps in building strong linkages with industry experts. Taking regular feedback during SIP program from corporate and inviting them for GDPI, Project evaluation, inviting corporate resource persons and organizing industry academia summit are also a part of CRC activities.

Industry Academia Meet, Poanta Sahib, Himachal Pradesh

Industry Academia Meet, SIDCUL, Pantnagar, US Nagar

Industry Academia Meet, SIDCUL, Haridwar

Industry Academia Meet, Gajraula, J.P. Nagar.

DEVELOPMENT ACTIVITIES

Mock Campus Recruitments

In order to provide students with proper exposure of the real world, distinguished professionals from the leading industries are invited to conduct the mock campus recruitment. This extensive activity which is conducted to prepare the students for the final placement proves a boon for the students and gives them an opportunity to judge themselves on different parameters.

International Conference(s)

TMIMT organizes International Conference annually usually in the month of February/March. The topics are carefully selected in such a manner that academic community feels challenges and conducts as in depth study before sending their papers. The papers received for the conference are sent to a jury for reviewing. The jury consists of eminent academicians. On the basis of report of the jury the papers are accepted for the publication either in full or as abstracts. A Conference Volume is released in the Inaugural Session. In various technical sessions, paper presenters present their papers.

Faculty Development Program

Our corporate interface program aims at building avenues between academics and industry. It helps to bridge the skill gap and provides a learning environment. Corporate hailing from different sectors share their experiences and ideas which become guiding ethos for the students. It is a process of learning and re-learning where the amalgamation of industry experience and academia comes into existence.

MESSAGE OF THE CHANCELLOR

It has been my long cherished dream and earnest desire to contribute to the nation's development and bring about social transformation through education. Initiative usually starts from an inchoate thought, sometimes just through a feeling. That inner feeling made me to take the first initiative in the form of establishment of Teerthanker Mahaveer Institute of Management & Technology (TMIMT). The overwhelming response received from the students and society, germinated the idea of setting up a full-fledged University offerir wide range of professional courses catering to th diverse needs of organizations more specifical the industries where huge opportunities wei thrown open by the process of economic reform and globalization.

Thus Teerthanker Mahaveer University came into existence with a purpose wherein we intend to provide education to an increasing number to students who aspire to get quality education at par with global standards.

I am happy that enthusiasm, creativity and discipline demonstrated by TMU fraternity have enabled the university to achieve many milestones that are in conformity with my resolve to develop an institution known for nurturing talent.

I welcome the youth and look forward to their joining us in our mission of preparing them for the nation-building.

Suresh Jain

“TMU is structured to groom the future business leaders. Students are trained to think deeply and rigorously to confront the problems in hand with all the relevant information available.”

MESSAGE OF THE PRO VICE-CHANCELLOR

Learning is something that constantly happens inside, awakening the mental power; it raises the sights and insights. Education cannot be forced on the students but it has to be awakened as a desire. Knowledge brings wisdom that enables the person to act right in all kinds of situations in life. It is the balance of hard work and relaxation that brings out rainbow of creativity in the mind. Right mix of technology and conventional systems, flexible schedules, social community connect, strong employability focus by developing good corporate relationships, all leads to a top level intellectual capital workforce.

I firmly believe that academic standard, discipline and conduct sets forth the academic culture in an organization. Students of today should be trained to meet out all the expected challenges and achieve success in the chosen verticals. It's a challenge that

is faced by today's academic institutions of higher education, to create right skill among students that empowers them to create new avenues and opportunities.

Society and human force go hand in hand. Better skilled human force will make better and more technologically advanced human society. Education is a strongest tool to bring the much needed socio-economic change transforming the attitude, life style and thinking of the people. Education should be focused on serving collective goals and individual aspirations together.

It gives me immense pleasure to extend my best wishes to all the aspirants who have chosen Teerthankar Mahaveer University over other higher education institutions. I strongly believe that they all will excel under the strong mentorship of dedicated and learned faculty members and achieve all that, they want in their life by taking full advantage of the opportunities given to them and build a strong career and achieve greater heights by improving their efficiency and effectiveness and serve the society and achieve the pinnacle in all endeavors.

"Live as if you were to die tomorrow. Learn as if you were to live forever." - Mahatma Gandhi

Teerthanker Mahaveer Institute of Management and Technology (TMIMT) aims at preparing the students to become open-minded, knowledgeable and critical thinkers who can express themselves in many ways. The institute seeks to develop principled, reflective and balanced risk takers. Each student is expected to aspire the genuine intellectual achievement. She/he is also expected to develop leadership and entrepreneurial skills in institute to lead a success for professional life. Student is also taught to be proud of his culture, history and place in the world and to acquire a refined aesthetic sense.

The institute offers wide range of academic programs at undergraduate, post-graduate and doctoral levels. All the courses are designed taking into consideration the specific needs of the industry and market. The emphasis is laid on both theoretical, research and practical training to provide exposure to the students in various areas of management and commerce. For this the expert from academics and industry of national and international repute are invited to guide the students in addition to the inputs from the acclaimed faculty of the institute.

The institute gives top priority to job and process oriented learning. The pedagogical tools include: extensive use of case studies, industrial training, practical exercises, business news analysis, computer & business quizzes, computer & management games and industry oriented projects to create awareness among the students. These activities enable students to face all challenges in every situation.

There is a corporate resource centre in the institute to cater to the job-related requirements of the students. The institute also houses a dedicated 'Entrepreneurship Development Cell' to provide guidance to the students to initiate their own venture, to impart skills meeting the needs of the corporate. Different clubs like Finance, Marketing, HR, Naukri and Environment are in the operation to provide practical exposure to the students on basic managerial applications.

The institute has other corporate tie up with a number of renowned organizations like Reliance Money, IBM, SAP, IL& FS, IFBI, Indian institute of logistics etc, which provide a complete semester internship and training to the students and make them worthy to be placed in reputed organizations. These tie ups provide competitive edge to the students as the students are made to focus their attention to a specific sector in their final semester only. These students are trained and guided accordingly, thus helping them to get placed either in their final semester or immediately after the completion of the course.
