Our Guiding Values
Right Philosophy | Right Knowledge | Right Conduct

Vision

To be internationally recognized as a premier institution of excellence, providing quality education, research and consultancy services to the global society.

Mission

Our endeavor is to impart knowledge and develop critical skills necessary to succeed both in professional and personal life by promoting learning supported by world-class faculty, infrastructure, technology, curricula and collaborative teaching and research with premier institutions in India and abroad.

ABOUT THE UNIVERSITY

Teerthanker Mahaveer University has been established under the Act of Government of Uttar Pradesh (No.30 of 2008) on 14th September, 2008 under the aegis of Teerthanker Mahaveer Institute of Management & Technology (Society), Moradabad. University Grant Commission (UGC) empowers Teerthanker Mahaveer University to award degrees under section 22 of the UGC Act, 1956. The courses have the necessary approval of regulatory bodies. The University has earned international fame in the area of medical science, dentistry, management, and engineering education. Students from all across the world are enrolled here for higher education in various disciplines.

MESSAGE BOARD

Shri Suresh Jain, Chairman, TMU

Shri Suresh Jain, Hon'ble Chancellor, TMU

It is my firm belief that harmonious development of the society can be achieved by enlightenment of the individual heart, mind and soul. This has become a pre-requisite in today's fast changing world where material gains have out-placed basic human values. I am of the firm opinion that education being a powerful instrument of socio-economic change can transform the attitude, thinking and life style of the people and society. Education makes individuals more flexible to think and make better decisions vital to make the mother earth a good place to live in. I always dreamt of empowering the society with enlightened, skillful and socially relevant citizens, which is possible only by educating the masses. As such, we have initiated this benign task of reconstructing the social order by providing educational establishments, thus contributing to the development of nation in our own humble way. Teerthanker Mahaveer University has taken the task of developing human capital intune with the requirements of industry and the society by integrating the basic principles of Right Philosophy, Right Knowledge and Right Conduct in its policies and programmes. The University stands for humanism, tolerance, reason, adventure of ideas and the search of truth. We ensure that multitude of student's study in a tolerant but encouraging environmentthat provides adequate liberty for individual ambition and lifestyle.The multi-disciplinary approach of our curriculum focuses on experiential learning, leveraging of ICT for better content delivery and provisions for sports and extra curricular activities which are integral components of the learning process. I extend my best wishes to all the aspirants and assure that under the mentor-ship of dedicated faculty of this prestigious University, they shall be able to take full advantage of opportunities offered to them.

Shri Manish Jain, Hon'ble Group Vice Chairman, TMU

With an objective to provide quality education, we resolve to establish a repository of knowledge and diverse activities of human interest encompassing academics, art and culture, sports and community services that are vital to academic, physical and mental development of the students of new age. Knowledge acquired in an inspiring environment through considerately designed courses help to augment the inherent talent of the learner and sharpen the skill set enabling them to acquire a meaningful place in society, leading to acheerful personal and professional life. I strongly believe that success of an educational system hinges on effective planning, efficient administration, adequate financing and authentic evaluation system. It is gratifying to note that we have been able to develop proper system of learning in the University, which promotes brilliance and enables us to develop trust, fairness, respect and accountability among all the stakeholders. Massive infrastructure created in terms of spacious academicand residential buildings, laboratories, language labs, shopping center andcafeteria besides auditorium, indoor/outdoor sports complexes, has proved to be a catalyst in holistic and overall development of the students. Students from all the corners of the country as well as from overseas experience a stimulating environment that is conducive for everyone to excel. The green, secure campus further adds to their creditable learning experience. We call upon all the aspirants to avail the opportunities provided by this university to build their career and to serve the society.

Shri Manish Jain,
Group Vice Chairman, TMU

MESSAGE FROM VICE-CHANCELLOR, TMU

Prof. Raghuvir Singh, Vice-Chancellor, TMU

The statement "your future will be decided by what you do today" is so apt for everyone joining TMU. Your destiny will be shaped by what you do during the years you are with us. It's important to differentiate between earning a degree & learning. The academic processes of TMU are tailored to learning and skill development. Many years ago Albert Einstein said "the purpose of education is todevelop thinking" and similarly Herbert Simon stated, "learning occurs from what the student does & thinks". The biggest challenge for both, institutions and students is to take a detour from the traditional approach of rote learning & written examination which emphasized, for too long, recall & memorization, this approachstifled creativity in universities. For decades, we have been functioning in classrooms like a trans-receiver system and evaluating students through "direct & single correct answer", questions which never tested learning & thinking. It was a test of memory. We can assure you a different experience in TMU where you will deal with reallife problem situations. You will spend good amount of time in doing and thinking. The academic processes in TMU will equip you with skills & thinking to deal with both professional & personal lives. We have a well-structured program delivery mechanism that assures learning and well-rounded personality. I am sure your experience will be unique & quite enriching thus preparing you to face real-life challenges in the future. We will make you dream big & shape you to realize your dreams. However, this would entail togetherness & cohesion among you, members of the faculty & the University. The University will facilitate support & guide you but actual efforts have to be on your part which is the most essential element to realize your dreams. Wishing you all the best!

MESSAGE FROM DIRECTOR, FOECS

Faculty of Engineering & Computing Sciences (FOECS), Teerthanker Mahaveer University, Moradabad is in its 20th years of existence, FOECS has made rapid strides towards its vision of being an internationally recognized leader in Engineering, Science and Technology education, knowledge creation and innovation, in an India marching towards a just, inclusive and sustainable society. Over 100 faculty members are active in research and teaching in several areas of Engineering, Sciences, Computer Applications and Humanities. FOECS has a proud record of 10000 alumni to its credit. Most of these alumni have been hired by India's top companies. About 10% of our alumni have gone on for higher studies in leading universities in India, North America, Australia and Europe. Our students have exceptional training in basics of sciences and engineering and in their discipline that is the hallmark of the FOECS graduate. In addition, our B.Tech, MCA and BCA curriculum make them uniquely suited for an engineering career. They are exposed to real-world engineering problem-solving throughout their 2 years, 3 years and 4 year programmes. On behalf of the faculty and students of FOECS, I invite you to participate in our placement process. I am confident that you will find it a rewarding experience.

Prof. Rakesh Kr. Dwivedi, Director, FOECS, TMU

MESSAGE FROM ASSISTANT DIRECTOR (T&P), FOECS

At TMU, we always believe in equipping our students with the right talent and personality to face the industry requirements. Our focus is to provide placement to all eligible and deserving candidates by creating new approaches to attract the best from the industry to our campus.

At TMU, Placement season is not a mere annual ritual; it is a time for showcasing the very best of our young engineers to the industrial world. The Placement & Training Cell functions with the primary aim of placing students in top-notch companies even before they complete their programme. The Placement & Training cell goes all out to train the students to meet the high industry expectations.

The college helps each student in exploring placement opportunities by inviting various companies for campus recruitment of students who are in the final year of various programmes and are likely to graduate at the end of the academic year.

FOECS is fully equipped with state of the art equipment/facilities/laboratories and its faculty members are involved in a broad range of research areas and industrial consultancy. The College has collaborations with many reputed Universities, Research Organizations and Industries. We at FOECS boast of excellent educational experience for our students. This experience includes an emphasis on the technical knowledge, communication, teamwork and lifelong learning skills in which graduates need to excel at the workplace and in the society in general. Our curriculum aims to emphasize a rigorous treatment of mathematical and scientific approach to the solution of various real life engineering problems.

Mr. Vikram Raina, Asst. Director (T&P Cell), FOECS, TMU

OBJECTIVES

The objectives of Training & Placement cell are manifold. Which are below listed.

- To develop the students' technical knowledge and soft skills to meet the corporate recruitment process.
- To motivate students to develop their overall personality in terms of career planning, goal setting and reskilling which will stand them in good stead even after getting the job.
- To motivate students who aspire for higher studies and guiding them to take competitive exams such as CAT, GATE, TOEFL, GRE, GMAT AND IELTS.
- To aim to place the maximum number of students through campus & off-campus interviews conducted by the top notch companies.

ABOUT THE INSTITUTE

Teerthanker Mahaveer University, Faculty of Engineering came into existence in the year 2008 and College of Computer Science and Information Technology was established in the year 2014. The colleges were established by the university with the aim of providing relevant, essential, upgraded education to the young aspirants in the field of Engineering, Computer Science, Animation, Basic sciences, and Computer Applications. In recent times and the years to come, there will be increasing demand of skilled manpower in the domain of Computer Science and Engineering because of 'Digital India' mission projected around the globe by Government of India. Faculty of Engineering and Computing Sciences is the center for all Engineering and Technology related programme run by the University as per the standard UGC and AICTE norms. The college prepares young engineers to acquire essential knowledge about technological skills that allow them to independently conceptualize, design, develop and implement engineering and computer knowledge, fulfilling the Manpower demand for the world. The college has adopted effective teaching methodologies in order to remain relevant. The curriculum is periodically updated by Board of Studies, to provide upgraded technological knowledge and engineering skill set to the students. There exists a flexible credit system that enables the students to acquire relevant knowledge and skill. Students participation in workshops, seminars, conferences and various co-curricular activities are an essential component of the learning pedagogy. Eminent academicians of repute, renowned scientists and researchers are invited for interaction and knowledge sharing with the students. The college is supported by competent and experienced core faculty with expertise in various areas of Engineering, Basic Sciences, Computer Science and Applications.

TRAINING & PLACEMENT CELL (T&P)

FOECS Training & Placement cell works all through the year towards generating placement and training opportunities for the students. Reputed industrial houses across the country visit the College regularly for the campus recruitment programs. The prime objective of the division is to facilitate its graduating students and industry by providing a meeting ground where the prospective employer companies can identify suitable candidates for placement in their organization. To achieve 100% employment of students and to assist students in securing best available jobs, T&P cell follows two-fold approaches:

- By getting the students to be industry prepared.
- Inviting companies to the campus and acting as an interface between students and industry by facilitating the selection process of potential employers.

We believe in motivating candidates for a fruitful education career and encouraging them to be self-reliant and skilful. We also conduct pre-placement talk for students of all batches as regular feature of their curriculum. This helps the students to develop skills like aptitude test, vocabulary test, spoken English, analytical reasoning, group discussion skills and interview skills.

Facilities made available to the students through T&P CELL: -

- Arranging campus interviews for final year students for their recruitments.
- Arranging guest lectures of eminent personalities from industry for career counselling.
- Organizing workshops on different topics.
- Co-ordination for industrial trainings for students.
- Arranging personality development programs, including mock interviews, written tests and group discussions.

SIH A MLESTONE FOR FOECS

SIH 2020

Smart India Hackathon is world's largest innovation platform that provides platform to students of higher educational institutes situated Pan India for showing their innovation skills and solving the problems faced by society in general. SIH 2020 was the fourth edition of Smart India Hackathon whose earlier editions proved to be extremely successful in promoting innovation, out-of-the-box thinking in young minds especially engineering students from across India. In SIH 2020, the students had the opportunity to work on challenges faced within various Ministries, Departments, Industries, PSUs and NGOs to create world class solutions for some of the top organizations including industries in the world, thus helping the Private sector hire the best minds from across the nation.

Three teams of FOECS were selected in the grand finale of "Smart India Hackathon 2020 - Software Edition" held from August 01 to August 03, 2020. This grand finale was inaugurated on 01 August 2020 by Shri Ramesh Pokhriyal Nishank, Minister of Human Resource Development and Shri Sanjay Dhotre, Minister of State. After this, around 220 teams selected for the Smart India Hackathon 2020 from all over the country worked on the given problem statement. Each day the jury members of the Smart India Hackathon 2020 assessed the work done by these teams twice a day in the morning and evening. The problem statements were given by various ministries of the central and state governments, public sector units, non-government institutions and corporate houses, which were worked by students studying in institutes of technology across India. In the evening of August 01, 2020, at 04:30 PM, Hon'ble Prime Minister Shri Narendra Modi addressed the students attending the Grand Finale of Smart India Hackathon 2020. He called upon these talented students to make India self-reliant and said that they can place India among the top 10 countries in the world in the field of innovation and technology.

Smart India Hackathon is being organized annually by AICTE and MHRD for the last 4 years. Smart India Hackathon 2020 was edited in three stages. In which about five lakh students from all over the country participated in more than 65 nodal centers.

In the first phase, all AICTE and MIC-IIC approved institutes of the country were organized in which the top 5 teams of the institute were selected for enrollment in Smart India Hackathon 2020. In the second phase, all nominated entries were evaluated. Subsequently, four or 5 entries for each problem statement were selected for the Grand Finale of Smart India Hackathon 2020. In the third and final phase, this competition was conducted in virtual mode from 01 to 03 August 2020 in about 41 nodal centers.

On August 04, 2020, the results of "Smart India Hackathon 2020" were declared as the winners of the teams of "TechHackers" and "Technohackers" of FOECS. The team of Techhackers worked on the problem statement given by the Airport Authority of India and the second team Technohacker worked on the problem statement given by the Ministry of Agriculture, Government of Bihar. The TechHackers team has mentors Mr. Ashish Bishnoi and Mr. Rupal Gupta, while student members are Prerna Jain, Pushpane Chaudhary, Naman Gupta, Arjav Jain, Mohit Jain and Srishti Jain. Technohacker's team mentors Professor Rakesh Kumar Dwivedi and Mr. Rajendra Prasad Pandey, while Student Members are Arjav Jain, Narrated Jindal, Amar Aggarwal, Nancy Jain, Kunal Yadav and Ritesh Jain. Both the winning teams also earned the winning prize money of Rs.1 lakh each.

टीएमयू के 12 स्टुडेंट्स को मिली नौकरी

STUDENT'S MESSAGES

Naman Mishra - MCA

Last 3 years at TMU were great and helped me learn and grow both in personal and professional life. Attending various seminars and workshops hosted by CCSIT each year I was able to ascertain opportunities available in various fields of IT. Support from the faculty helped me take on more challenges and learn in the process. I am extremely happy that I was able to get a great opportunity thanks to the training and placement cell. I am thankful to CCSIT for giving me ample opportunities to land a great job.

Prashant Kumar – B.Tech. (Civil)

My four years at Teerthanker Mahaveer University have been very memorable experiences. During this time I got to learn many things from well experienced faculty members, mentors and guides. Due to constant efforts of faculty and placement cell I got selected in Dudhi industries. I will always be grateful towards my university which made it possible for me to come across such wonderful mentors in my life who helped me to take my knowledge to the next level.

Shubham Jain – B.Tech. (Mech.)

Hey, I am Shubham Jain, a student of TMU; I had a great enthusiastic time on campus in my journey of learning to groom and grow. The all-over development practice of TMU has shown its value and made my life blossom. Not only does this campus focus on the curriculum, they also focus on all-around development and getting us the finest education,CT-LD for personality grooming, sports to cultural activity, these people check every box with astonishing performance. And the best part, is that the placement department not only provides opportunity but also assists for best future opportunities and comfortable life. I wish everybody could experience such greatness. Wishing everybody the best in their life.

STUDENT'S MESSAGES

Ayushi Saxena - B.Sc. Hons. (CS)

The Time spent in Teerthanker Mahaveer University was really memorable and cherishing. I was really happy to be a part of CCSIT family. Not only this college is excelled in studies and technology, but also they provide various opportunities to students to find their capabilities. Major fests and many competitions make this journey more admiring. The best thing is the placements that they provide to students, and also how they model them to become perfect for the company. I myself am placed in the reputed organization and that makes me more grateful towards my college as they helped me a lot in this journey. My good wishes are with all aspiring minds!

Diya Verma – BCA

FOECS serves me a platform that helps me to enhance my personality. It's been one of the best experiences of my life. It has the best atmosphere. I would like to thank all the faculty and staff members for helping me out to boost up my confidence and foster my skills to come up with flying colours. I also want to thank my college for the support and great opportunity provided in terms of placement as I got selected in Planet Spark MNC with a handsome package. I'll always be grateful to be a part of this institution.

THANK YOU!

Ritika Jain – B.Tech. (CSE)

"When we enter college we have two thoughts for life one is a good and enjoyable college life and other is at the end a good job. I feel very blessed and happy I experienced a wonderful college life and got an amazing job at TATA consultancy services for digital profile and Ana caps. These past 4 years were the best part of my life where I learnt a lot and experienced a lot. Teerthanker Mahaveer University acted as a lucky charm to me. Wonderful faculty quality education and amazing cooperation. I am very grateful and thankful to TMU."

ALUMNI MESSAGE

Saumya Jain, B.Tech. CSE

Tmu has always been a good fit for me, especially the classes and personal attention students seem to get by the faculty. Not only it has enhanced my confidence level, but has also developed my personality traits. I truly appreciate my college, faculty members and the training and placement cell, who spend their time in helping me in various occasions. As a result of all the above mentioned benefits, I have been placed in Capgemini and DNJ Infotech.

Sambhav Jain, B.Tech. CS

The greatest thing in this world is not so much where we stand, as in what direction we are moving. I'm grateful to the faculty members at CCSIT for helping me find the right direction for myself and providing me with the best environment needed where I was able to hone my skills and develop myself. I'm thankful to CCSIT for inspiring and motivating the students to be the best that they can be every day.

Soumya Jain, B.SC. Animation

I am very thankful to Teertanker mahaveer University because in this world of competition I got placement through Campus interview in Diditoonz media and entertainment pvt Ltd. This university gives great opportunity to its students and polishes them to lead a better life. Not only this, we all students get a family like environment to enjoy our studies. This university also generates student's interest in other activities through different events which are organized here. At last, I must say that I am proud to be a part of Teerthanker Mahaveer university.

Shamsa Syed B.Sc (H)CS

The years spent in TMU were the best years of my life. My experience in FOECS has helped me in my personal as well as professional growth. Faculty of TMU is kind, helpful & very supportive. I am so pleased that I got good opportunity through our placement cell. Thanks to the efforts of Placement Cell & specially designed CTLD classes that help students in development of soft skills and confidence.

Chhavi Vishnoi, BCA

Finding the right path to success at the right time is really very important and for that reason I had selected TMU. The friendly environment, the systematic approach towards imparting education at TMU made me a competent individual. I would like to pay thanks to my faculty members, the placement team and the whole college administration for imparting knowledge and for providing the best opportunities be possible for our bright future.

Gaurav Sharma, MCA

College life is very important part of every individual's life. My journey in TMU was amazing. Libraries are big and well maintained. The placement provided by the college are optimum. Each student get chance to interact with different core and non core companies like Tata, Mahindra and Wipro, etc."My sincere appreciation & gratitude to the Training & Placement Department and all staff of FOE&CS for their efforts in imparting quality technical and aptitude training. I am thankful to Training & Placement cell for providing a platform to enhance my skills and an opportunity to showcase them."

Deepotsava

On 10th November iNurture & FoECS, TMU jointly celebrated Deepotsava : The Diwali Mahotsava at CCSIT Compound. The objective was to celebrate the Grand Five Days Festival of Deepawali with all the students and staff.The grand celebration commenced in the presence of Prof. R.K.Dwivedi, Director & Principal FoECS. Mr. Bharat Pandey welcomed Prof. R. K. Dwivedi and other teachers by inviting them to light "DEEPS". Prof. R.K. Dwivedi highlighted the importance of Festivals especially Deepawali in context to Indian culture.

The students of iNurture made Rangoli with the help of Diyas and Colours. All the students and teachers enjoyed the event. At the end of the celebration, sweets were distributed.

The webinar was highly appreciated by all. Anchoring was done by Ms.Neha Anand,convener of the webinar and vote of thanks was proposed by Dr.Gulista Khan, technical coordinator.
