ABOUT THE INSTITUTE.....

The TeerthankerMahaveer University, Faculty of Engineering came into existence in the year 2008 and College of Computer Science and Information Technology was established in the year 2014. The colleges were established by the university with the aim of providing relevant, essential, upgraded education to the young aspirants in the field of engineering, computer science, animation, basic sciences, and computer applications. In recent times and the years to come, there will be increasing demand of skilled manpower in the domain of Computer Science and Engineering because of the 'Digital India' mission projected around the globe by Government of India. The Faculty of Engineering and Computer Science is the center for all Engineering and Technology related programs run by the University as per the standard UGC and AICTE norms. The college prepares young engineers to acquire essential knowledge about technological skills that allow them to independently conceptualize, design, develop and implement engineering and computer knowledge, fulfilling the Manpower demand for the world. The college has adopted effective teaching methodologies in order to remain relevant. The curriculum is periodically updated by the Board of Studies, to provide upgraded technological knowledge and engineering skill set to the students. There exists a flexible credit system that enables the students to acquire relevant knowledge and skill. Student's participation in workshops, seminars, conferences and various co-curricular activities are an essential component of the learning pedagogy. Eminent academicians of repute, renowned scientists and researchers are invited for interaction and knowledge sharing with the students. The college is supported by competent and experienced core faculty with expertise in various areas of Computer Science and Applications.

MESSAGE BOARD

Suresh Jain
Chancellor, TMU

It has been my long cherished dream and earnest desire to contribute to the nation's development and bring about social transformation through education. TMU is dedicated to groom the future technocrats & business leaders. Students are trained to think deeply and rigorously to confront the problems in hand with all the relevant information available.

Manish Jain
Group Vice Chairman, TMU

I feel educational institutions are the means to develop human capabilities for loading a meaningful personal and professional life, thus help nations to develop. At FOECS, we take tremendous pain to make our students creative thinkers and problem solvers so that they can shape the destiny of the nation.

Prof. Raghuvir Singh
Officiating Vice Chancellor, TMU

The success of educational system hinges on proper planning, efficient administration, adequate financing and effective evaluation system. I call upon all the students who are going to join various programs at our university, to strive hard to gain knowledge, transform it into skills with right attitude and inculcate the habit of learning, which will drive them to self directed learning.

MESSAGE FROM THE DIRECTOR

Greetings! We at Faculty of Engineering and Computing Sciences (FOE&CS) Teerthanker Mahaveer University Moradabad, extend a hearty invitation to all our recruiting partners.

Prof. Rakesh Kr. Dwivedi
Director,FOE&CS, TMU

The relationship between Engineering institutions and industry is highly synergetic. Since the primary objective of students in pursuing higher education in the area of Engineering and Technology is to get a good job on the completion of their studies, the institutions need the support of industry to help the eligible students in their final placements. On the other hand, the industry looks towards institutions for their requirement of qualified and trained engineers, scientists, researchers and software professionals. Thus, it is in the interest of both industry & institutions to develop strong cooperation, which can be a win-win situation for both and will also be beneficial to the students.

We want our students to be corporate ready professionals and this has been the guiding principle for us at FOE&CS. Hence, with the support of Centre of Teaching Learning and Development (CTLD), we conduct extensive Employability Enhancement Training Programs designed to develop professional skills and provide value-added training and certifications in their respective domains. They are also getting exposure through practical aspects of the industry via guest lectures, industrial visits, internships etc.

FOE&CS highly appreciates the confidence reposed in us and the invaluable support extended by our recruiters over the years. We are eager to know the experience and expectations in terms of required skill sets. We would be happy to partner with our recruiters in upgrading the skills of our students as per specific industry needs, so that they can be productive from the first day and can be the preferred choice for hiring.

FOE&CS, TMU Moradabad is committed to ensure the best recruiting experience and we assure you of our best efforts. Happy hiring!

MESSAGE FROM THE **ASSISTANT DIRECTOR** (T&P)

Mr. Vikram Raina
Asst. Director (T&P Cell),FOE&CS, TMU

At TMU, we always believe in equipping our students with the right talent and personality to face the industry requirements. Our focus is to provide placement to all eligible and deserving candidates by creating new approaches to attract the best from the industry to our campus.

At TMU, Placement season is not a mere annual ritual; it is a time for showcasing the very best of our young engineers to the industrial world. The Placement & Training Cell functions with the primary aim of placing students in top-notch companies even before they have completed their courses. The Placement & Training cell goes all out to train the students to meet the high industry expectations.

The University helps each student in exploring placement opportunities by inviting various companies for campus recruitment of students who are in the final year of various program and are likely to graduate at the end of the academic year.

FOE&CS is fully equipped with state of the art equipment/facilities/laboratories and its faculty members are involved in a broad range of research areas and industrial consultancy. The College has collaborations with many reputed Universities, Research Organizations and Industries. We at FOE&CS boast of excellent educational experience for our students. This experience includes an emphasis on the technical knowledge, communication, teamwork and lifelong learning skills in which graduates need to excel at the workplace and in the society in general. Our curriculum aims to emphasize a rigorous treatment of the mathematical and scientific approach to the solution of various real life engineering problems.

OBJECTIVES

The objectives of Training & Placement cell are manifold. They include:

- Developing the students' technical knowledge and soft skills to meet the corporate recruitment process.
- To motivate students to develop their overall personality in terms of career planning, goal setting and reskilling which will stand them in good stead even after getting the job.
- To motivate students who aspire for higher studies and guiding them to take competitive exams such as CAT, GATE, TOEFL, GRE, GMAT AND IELTS.
- Aiming to place the maximum number of students through campus & off-campus interviews conducted by the top notch companies.

TRAINING & PLACEMENT CELL (T&P)

The FOE&CS Training & Placement cell works all through the year towards generating placement and training opportunities for the students. Reputed industrial houses across the country visit our College regularly for the campus recruitment programs. The prime objective of the division is to facilitate its graduating students and industry by providing a meeting ground where the prospective employer companies can identify suitable candidates for placement in their organization. To achieve 100% employment of our students and to assist students in securing best available jobs, T&P cell follows two-fold approaches:

By getting the students to be industry prepared.

Inviting companies to the campus and acting as an interface between students and industry by facilitating the selection process of potential employers.

We believe in motivating candidates for a fruitful education career and encouraging them to be self-reliant and skilful. We also conduct pre-placement talk for students of all batches as regular feature of their curriculum. This helps the students to develop skills like aptitude test, vocabulary test, spoken English, analytical reasoning, group discussion skills and interview skills.

Facilities made available to the students through T&P CELL: -

Arranging campus interviews for final year students for their recruitments.

Arranging guest lectures of eminent personalities from industry for career counselling.

Organizing workshops on different topics.

Co-ordination for industrial trainings for students.

Arranging personality development programs, including mock interviews, written tests and group discussions.

AMCAT

EXPERT SPEAK

It gives us immense pleasure to extend to you a most cordial invitation to participate in the Campus Recruitment of CCSIT, TMU, Moradabad With an increasing thrust being placed on Institute-Industry Interaction.

Our college holds the pride of place being pioneers in the field of engineering and technical education. We have been continuously ranked among the elite by our peers and our constant pursuit of excellence has made our college a focal point in technical education for students and faculty members alike CCSIT. Our students get a lot of industrial exposure by their frequent industrial visits. It would be our proud privilege to host you, and we would only be most delighted to be involved in such a partnership.

Dr. Ashendra Kr. Saxena
HoD, CCSIT

The environment of TMU is cooperative and covers holistic spirituality. Mentor-Mente system cares full-time teacher-student relationship to deal with issues deliberately. Large sports stadium makes students involved in various extracurricular activities and sports. Student explores the industrial requirements through Industrial visit and Industrial training, organized by T&P Cell. The outcome-based utility of professional course is a prime concern, FoE&CS is highly committed for holistic development of the student to turn up into true professionals. The highly desirous transition efforts from academia to industry is the key consideration of dedicated Placement Cell. Best wishes to the team of placement.

Dr. Garima Goswami
HOD, EE , FOE&CS

TMU is known for imparting quality education and providing environment for research to its students. FoE&CS has gained a competitive edge in the education sector on account of the technical knowledge and practical exposure it provides to its students. Motive of Mechanical Engineering Department is to create excellent students by providing essential knowledge, imparting technical as well as soft skills to them and thus filling the gap between industry and academia. Our curriculum emphasizes on holistic development of the students which makes them not only good engineers but also good human beings.

Manish Dhingra
HOD, Mechanical Engineering

Every stakeholder of our education society has been deeply impacted by the ongoing scenario. In the meantime, digital education has emerged as a clear winner during this pandemic around the world.

In last few years, Faculty of Engineering, a constituent of TMU, Mbd has created a mark in the education sector. Be it research, education, publication, consulting or engaging with the industry, Apart from working for the industry, they have also been playing a symbiotic relationship with the industry by contributing through their internship projects, Webinars, workshops, excelling in competitions and writing on various platforms. This journey of four years was designed to acquaint them with rigor and knowledge required to befit the corporate or entrepreneurial world. My best wishes are with them!

Dr. Mudita Juneja
HOD, ECE , FOE&CS

Teerthanker Mahaveer University is a premier institution provides quality education in the area of Moradabad. Here students are hard working and focused towards learning. TMU provide the right environment and ambience for learning and student development. At TMU it is our endeavor to help each student to gauge their capabilities and perform with the best of their capabilities. Civil engineering department at TMU is performing well and student performance of the department is excellent. With the changing times hope to see a better performance of the department and and laurels for the University.

Dr. Ravi Jain
HOD, Civil Engineering

EXPERT SPEAK

The placement scenario of College of Computing Sciences & Information Technology (CCSIT) is very encouraging. There is no doubt that our students will rise fast at the apex of their career, because they are very intelligent, smart and hard working. Their work ethic is par excellence. Moreover, when others are busy making the plan, our students are the one who has done outstanding performance while getting best job offers in reputed IT based organizations. Their good work deserves the heartiest appreciation. A big congratulations to all the placed students, Mr. Vikram Raina (Assistant Director / T&P Cell) and Prof. R.K. Dwivedi / Principal, CCSIT, TMU Moradabad.

Dr. Shakti Kundu
Program Coordinator, BCA

"The place where young buddies are nurtured so that they can learn skills to paint the future of the country; ready to contribute with their talent to serve the society is TMU. The active placement team provides multiple on campus / off campus job opportunities to students based on their aptitude and technical skills. The vast campus of university has all ultramodern facilities for students and university employees. I have been associated with TMU family for more than 14 years and that has enriched me with better teaching and research skills."

Mr. Priyank Singhal
Program Coordinator, MCA

Being a program coordinator of B.Tech(CSE), Our students placed in various MNC's are doing a great job and their work is being appreciated by the companies. As per the previous year practices this year also many of the students got placement in various renowned companies like Wipro, TCS & HCL etc.

Students are always involved in various technical activities apart from academics like Smart India Hackathon, Hacker rank, Geek for Geeks challenges, Hacker Earth, etc.

I give my best wishes to all the students for their bright career ahead and appreciate them for continuing the custom of setting a good example for the junior batches.

Rupal Gupta
Program Coordinator, B.Tech(CSE)

Our aims is to produce top quality technocrats and software developers and the growth of our modern society and cater to the needs of industries and institutions alike. The learning environment exposes the students to every opportunity that would help them gain an edge over others and help them succeed in their profession.

Our college is also equipped with many advance based technical labs, and competitive environment.

Abhilash Saxena
Program Coordinator, B.Sc. Hons.(CS)

Dr. Rajeev kumar, Program Cordinator, B.Tech CSE, (IBM)

I wish you all the success today and always! All the best for a bright future! May there be success at every turn of life and all your dreams come true! Here's wishing you good luck for a bright and prosperous future.

Jyoti Ranjan Labh, Program coordinator, B.Sc. Animation

New job is an amazing chance to show the world what you are capable of. You have everything to be great just use it and never give up your dreams. "Congratulations on your new role. Stay blessed"

INDUSTRY TESTIMONIES

As you move forward towards the next chapter of your life, you will face many challenges. But through this difficult time, you will achieve results of all your hardwork and sincerity. Always remember, luck is for the lazy and success for those who work hard. I Wish you success in all your future endeavors.

Shefaly Dutta
Program Co-ordinator
IBM, Noida

It is without doubt that I can say, TMU provides innovative knowledge to the students. The University has a multidisciplinary learning environment and provides great opportunities to the students.
Also, the Animation and Design field is growing field. The students of the department also attended the workshop with great sincerity and enthusiasm. I truly appreciate the efforts that the college inputs especially under the guidance of Principal; Prof R K Dwivedi several initiatives taken by Professors, Mr. Jyoti Ranjan Labh, and Shikha Gambhir like seminar-workshop by Industry-leading experts and industry visit, TMU students are getting real-life & industrial experience at their own place. Overall I found TMU an excellent university in terms of quality education.

Dr. Abhishek Kumar
Assistant Professor, Department of Animation
Banaras Hindu University

Mr. Ravi conducted a workshop on "Data Science" in TMU, Moradabad. 100 students attended this workshop imparting knowledge about Python & Machine Learning to the students. After the successful completion of the workshop students were also placed in various companies. Thanks to the placement team, Prof R K Dwivedi , Mr Namit Gupta, Mrs Neeraj for this valuable consideration & opportunity. BRAIN MENTORS started with a mission to link the IT industry and educational institutions. We aim to transform our every student into an IT professional who is ready to be employed in the industry. Hope we have a long term association always. I wish TMU a great success ahead. We Also conducted the Retail Training in Various Colleges and Institutions.

Mr. Ravi kant
Data Scientist & SW Professional
Brain Mentors Pvt Ltd

CTLD CLASSES

The Centre for Teaching Learning and Development is responsible for supporting University in ensuring the provision of personality enhancement learning and generally contributing to the professional Development of the students. This Division has developed training so program and infrastructure to deliver: executive mentor ship, development and training competency-based learning and development; career coaching through individualized learning plans leadership and management-development; aptitude orientation: and specialized curriculum development to most specific priorities (Like personality development, skill enhancement and employee engagement). The Division also oversees administration of learning and development: tuition assistance across various courses and colleges: an employee training; and faculty development as per the University norms and policies.

In addition, the CTLD collaborates with University Colleges and departments to ensure that training, learning and development initiatives are aligned with the college specific plans and strategic human resource plans specific to the department and University. These include mandatory classroom leaning sessions required for concept teaching and critical learning. Faculty Development Session for employee development and engagement as per their occupation, and introduction of new program and concepts being employed by the reputed Companies.

Our services aim to provide leadership enhancement programs that align with the corporate requirements and market needs. Delivering corporate-wide learning opportunities. Developing, designing and implementing learning solutions and strategies to support the implementation of knowledge management and corporate learning services to colleges and departments. Acting as a strategic and consultative resource to various stakeholders like College Principal, Training and Placement Department, Senior Management, Human Resource Department, Students and Employees. Providing access to training facilities, including physical and virtual training sessions, etc and developing and e-Learning content and resources that support just-in-time learning opportunities.

STUDENT MESSAGE

Saumya Jain, B.Tech. CSE

Tmu has always been a good fit for me, especially the classes and personal attention students seem to get by the faculty. Not only it has enhanced my confidence level, but have also developed my personality traits. I truly appreciate my college, faculty members and the training and placement cell, who have spent their time in helping me in various occasions. As a result of all the above mentioned benefits, I have been placed in Capgemini and DNJ Infotech.

Shamsa Syed B.Sc (H)CS

The years spent in TMU were the best years of my life. My experience in FOECS has helped me in my personal as well as professional growth. Faculty of TMU is kind, helpful & very supportive. I am so pleased that I got good opportunity through our placement cell. Thanks to the efforts of Placement Cell & specially designed CTLD classes that help students in development of soft skills and confidence.

Sambhav Jain, B.Tech. CSE

The greatest thing in this world is not so much where we stand, as in what direction we are moving. I'm grateful to the faculties at CCSIT for helping me find the right direction for myself and providing me with the best environment needed where I was able to hone my skills and develop myself. I'm thankful to CCSIT for inspiring and motivating the students to be the best that they can be every day.

Chhavi Vishnoi, BCA

Finding the right path to success at the right time is really very important and for that reason I had selected TMU. The friendly environment, the systematic approach towards imparting education at TMU made me a competent individual. I would like to pay thanks to my faculties, the placement team and the whole college administration for imparting knowledge and for providing the best opportunities be possible for our bright future.

Soumya Jain, B.SC. Animation

I am very thankful to Teertanker mahaveer University because in this world of competition I got placement through Campus interview in Diditoonz media and entertainment pvt Ltd. This university gives great opportunity to its students and polishes them to lead a better life. Not only this, we all students get a family-like environment to enjoy our studies. This university also generates student's interest in other activities through different events which are organized here. At last, I must say that I am proud to be a part of Teerthanker Mahaveer university.

Gaurav Sharma, MCA

College life is very important part of every individual's life. My journey in TMU was amazing. Libraries are big and well maintained. The placement provided by the college are optimum. Each student gets to interact with different core and non core companies like Tata, Mahindra and Wipro, etc."My sincere appreciation & gratitude to the Training & Placement Department and all staff of FOE&CS for their efforts in imparting quality technical and aptitude training. I am thankful to Training & Placement cell for providing a platform to enhance my skills and an opportunity to showcase them."

ALUMNI MESSAGE

Mitali Jain, BCA

My three years at Teerthanker Mahaveer University have been excellent and a memory to cherish for a lifetime. The years spent here have been full of learning opportunities that were full of fun and frolic. Due to the efforts made by the faculty and placement cell at CCSIT, I should be able to bag job in the two MNC companies that I applied for. They always provided me with the assistance that I required for my overall development and to improve my technical knowledge. I will always be grateful to them for providing me a platform of practical learning and preparing me for the corporate life.

Zeba Naaz, B.Sc. Hons. CS

My time at TMU was filled with lots of fun and learning moments. Whether it is anchoring or volunteering in events, CCSIT presents students with the best of opportunities. Especially the placement drives which enables students to get a chance to become a part of the best IT companies like Wipro and TCS. I'll always be thankful to have been a part of this college. My best wishes to all the future aspirants.

Vanshika Bhatnagar MCA

Being a part of CCSIT family, I feel very grateful to Principal Sir, Training and Placement Cell Officer and all the faculty members. With the efforts taken by our placement cell, I got selected in Aithent Technologies. The journey for me through these wouldn't have been easy if the college hadn't made it so. Thank you very much for all your assistance with planning our Campus interviews at College of Computing Sciences and Information Technology. TMU Has proved to be the best choice, I could come up with!

Khushboo Mudgal, B.Sc Hons. CS

College time is the most memorable experience of life. There are many moments that teach us many things. When you make mistake don't look back at it long. Mistakes are lessons of wisdom. It was an amazing experience of three years in T.M.U. where I learnt and achieved what I wanted. I got placed in esteemed organisation. So, Don't miss the opportunity you got.

Reeva Rastogi, BCA

My journey with TMU was very amazing. The course curriculam is up to date with the new technologies in the IT industry that helps us to become ready for the industry. All the faculties are very helpful and knowledgeable and because of their guidance and support. I was able to get job in both TCS and Wipro. I really feel lucky to be a part of TMU.

Malav Jain, B.Tech (CSE)

TMU has proved to be the best choice, I could come up with! Amazingly my placement in "Wipro" highlighted this notion even more. And i am immensly grateful for everything TMU has offered.

ALUMNI MEET

The first University wide Alumni Meet was held on 1st March 2020 at the University premises. The day started with registration of the invited Alumni's at various colleges of the University. It was a great gathering of our old students who have grown to be the stalwarts in their respective field. They were very happy to be visiting their Alma mater. Respected Chancellor Sir Mr. Suresh Jain greeted the invitees and welcomed them to the meet. Alumni had a personal interaction with our Respected Group Vice Chairman Sir Mr. Manish Jain and Pro Vice Chancellor Dr. Raghubir Singh at the Alumni event. Our respected Principal Sir Dr R K Dwivedi also welcomed the Alumni's and greeted them with a bouquet of flowers. It was an exciting day of old memories, new contacts and happy people to sum it up.
