Foreword by the Vice Chancellor

It gives me immense pleasure to present the **III Annual Report** of Teerthanker Mahaveer University for the **Academic Session 2010-2011**. The report is a reflection of phenomenal growth and development in the areas of academics, infrastructure, and contribution of the faculty in research, exhibiting the stupendous work done by its multidisciplinary and cross functional team. Building upon the success achieved in last session, the university continued its voyage on the growth trajectory towards realizing the vision with mission as envisaged by the Founder of University & Hon'ble Chancellor Mr. Suresh Jain.

The most challenging assignment for an institute of higher learning is to attain and retain a team of qualified and experienced academicians with high standard of excellence, and it is gratifying to note that we have been able to build an intellectually strong team working with collective strength and commitment to achieve a sustained high level of performance.

A team of University Grants Commission visited the University in July 2011 to inspect it under the provisions of UGC (Establishment of and Maintenance of Standards in Private Universities) Regulations 2003. It is a matter of pride to note that the team was satisfied with the infrastructure and other facilities thus giving a favourable report.

It has been our sincere endeavor to encourage research in the university. The faculty members are continuously motivated to enthusiastically participate in research projects and assignments. Consequently, the faculty and staff of university published 83 books, 158 research papers in national journals and 81 research papers in international journals. As many as 30 guest lectures, 24 workshops, Seminars, Conferences were organized to provide a platform for exchange of views through deliberations by the scholars par excellence.

In order to integrate the classroom teaching with the practical application of theoretical knowledge and to facilitate hands on experience, the university entered into new academic alliances with Microsoft, Promaynov Executive Trainers LLP, National Stock Exchange, Amtek Auto Ltd., Indian Institute of Logistics, and International School for Jain Studies. During the session 18 new professional courses were introduced and the enrolment of the students grew by a whopping 66% over last year, proportionately there was increase in the strength of the faculty to 693.

For multi dimensional growth of its learners, the university has been actively promoting cultural and sports activities. A three day long cultural event Rock On-III, 13th National Youth Volleyball Championship, and 8th State Level Junior Wushu Championship are some of the important events organized in the series. Developing infrastructural facilities to meet the growing needs for additional space has always been a priority area for the university and this year has been no exception. The university started the construction of a multipurpose hall with a covered area of 5000 sq.mts. and an Indoor Sports Centre & College of Physical Education with covered area of 6825 sq.mts.

It is my strong conviction that the youth of today need to be empowered with emotional stability, balance and adaptability. We should instill in them sense of values, right direction and purpose of life. Without compromising on the quality of education, we strive to give end to end solution to mitigate the hardships faced by the children coming from the weaker sections of society especially the girl students. Every effort is made to enhance their professional skills for better employment avenues and enabling them to find a meaningful place in the society.

Along with academic activities we recognise our social responsibility and have organized a number of free medical and dental check-up camps and other awareness campaigns from time to time to contribute for healthy India. Our endeavour at Teerthanker Mahaveer University would remain to enrich the learning experience of all its stake holders and sincerely play a prominent role in growth and development of the nation.

Prof. R.K. Mittal

The University

The Third Annual Report presented aims to show the wide spectrum of activities undertaken in the university and the strength reflected in its performance during the academic session 2010-11.

The Teerthanker Mahaveer University is a premier institution of higher learning which has taken a significant lead in creation and dissemination of knowledge through its outstanding programs and right philosophy of education.

The University was established on September 14, 2008 under the act of Government of Uttar Pradesh (No. 30 of 2008). It owes its origin to Teerthanker Mahaveer Institute of Management and Technology which forayed into professional education in the year 2002 with a humble beginning by offering a few job-oriented programs like BBA, BCA, MCA, and MBA.

On getting overwhelming response from the students and the people around, the sponsoring body Teerthanker Mahaveer Institute of Management and Technology Society finally established an independent University and christened it as Teerthanker Mahaveer University. The University Grants Commission empowers the University to award degrees U/s 22 of the UGC Act, 1956. Presently, the University offers a wide range of programs to meet

the trained and competent manpower requirement of the society and industries.

The University by creating capacity for social, cultural, and economic development has emerged as a major player in strengthening and diversifying the regional economy of the state of Uttar Pradesh. In a very short span of time it has started getting the attention of the leading corporate for meeting their requirement of manpower.

The University follows an Interdisciplinary approach in all of its programs and encompasses a national and international view point in its teaching, research, and consultancy.

Our Driving Force

The arduous and gigantic task of setting up of the University was initiated by Hon'ble Chancellor Shri Suresh Jain, who along with the dynamic and energetic Group Vice Chairman Shri Manish Jain, strived hard to lay the foundation of world class University and is continuously engaged in the strategic planning to create an environment for providing not only quality education but also value added courses along with excellent communication and employment skills, a characteristic feature of world class University.

Infrastructure and Facilities

As the academic team work strenuously to give shape to the vision, mission and intellectual content, the engineering wing of the university is working equally hard to conceptualize the physical elements needed to provide learning friendly environment.

The campus plan incorporates the ideology of the University in its design. It is spread over sprawling area of 125 acres of land. To stimulate and sustain the intellectual needs, the students and teachers are provided good infrastructure, resources and ambience; artistic landscape has enhanced the beauty with lush green lawns and rows of ornamental plants. The construction of a number of new buildings has added space and facilitated introduction of new programs.

To address the issues related to resource and energy conservation, new concepts such as rain water harvesting, sewage treatment, development of water bodies and use of solar energy have been extensively applied in the campus.

ITC Resources

Standard of teaching and the prospects thereafter much depends on availability and proper use of ITC resources. Each college has a well equipped computer lab to support the academic, administrative and research activities.

ERP based software 'Campus connect' developed by JIL Information Technology Limited, New Delhi has been installed to automate and stream line the different administrative processes and services in the university.

Wi-Fi connectivity in the hostel inspires and facilitates self learning which results in intellectual growth of the students.

All colleges are connected to internet through high speed 1 Gbps BSNL connection.

Communication Laboratories

A new sophisticated language lab with 37 computers has been made functional at the College of Management & Computer Applications to meet the rising needs of the students for improving their communication skills. Another lab was already functional at the College of Management & Computer Applications. Similarly, a state-of-the-art communication lab with 60 computers equipped with language lab software has been developed to enhance students understanding and skills in communication at the College of Engineering.

A provision has been made to establish a Centre for Foreign Language Studies like English, Asian Languages (Spanish, German, French, Japanese and Chinese) and European Languages as well, which will be executed very soon.

Academic Alliances

Exposure to cultural diversity and international experience give students a way to assimilate others' ways of thinking. University aims to have tie-ups and collaborations with leading national and

international institutions. In this direction a beginning has been made by having the following MOUs signed:

- ❖ Vanier College, Canada
- ❖ University of Regina - Saskatchewan, Canada
- ❖ Sol Bridge International School of Business, Daejeon, Republic of Korea
- ❖ Polytec Nantes University, France
- ❖ Oracle
- ❖ CISCO
- ❖ Red Hat

New Alliances during the year:

- ❖ Microsoft
- ❖ International School for Jain Studies, New Delhi
- ❖ Promaynov Executive Trainers LLP, New Delhi
- ❖ National Stock Exchange
- ❖ Amtek Auto Ltd., Gurgaon
- ❖ Indian Institute of Logistics, Chennai

Students Centric Initiatives

Teaching is an interactive art to promote interaction between teachers and taught. Important initiatives undertaken in this direction include:

- ❖ Mentor-mentee program to develop healthy and close relationship between a teachers and taught for balanced physical and mental growth of the student and to facilitate guidance and counseling to develop their competencies.
- ❖ Music & Dance Classes on both modern and classical forms are organized in the evening for the overall personality development of the students. Eminent trainers are invited to teach and train the students and to groom their performance and creativity in order to enliven the life beyond class rooms. This helps the students to freshen up their mind and prepare themselves for the excellent results.
- ❖ Good communication is an attribute of a learned and balanced personality. An initiative has been undertaken by introducing a paper in most of the programs offered in the university to sharpen oral and written skills of students for better placement/ employability.

Yoga & Meditation

Yoga and Meditation are very effective to exercise control over mind and soul and are essential prerequisites to maintain good health. The University has established a yoga and meditation centre for the students and staff. Students participate at the yoga centre in the morning and evening hours on a regular basis under the guidance of astute yoga instructors Dr. Madhusudhan Acharya (Yoga Instructor for Boys) and Ms. Nidhi Varshney (Yoga Instructor for Girls).

Music & Dance Classes

Music & Dance Classes on both modern and classical forms are organized in the evening to give another dimension to personality development of the students. Eminent trainers are invited to teach and train the students with required instruments and accessories, to enable them to enjoy

life beyond class rooms, it not only brings out their creativity and talent, but also freshen up their mind and prepare them for the excellent performance. These classes are organized under the supervision of trainers Md. Jamal (Dance Trainer for Boys & Girls) and C. Michael (Music Trainer for Boys & Girls).

Community Services

The community service can be better realized only when there is gratitude towards the society and a feeling of sympathy for the underprivileged. At the same time, it also helps to understand the challenges they face and act accordingly. Community services are provided from time to time by the team of students' volunteers under the supervision of teachers to the needed groups through organizing camps and visits. The activities and services rendered during the academic session 2010 - 11 are as under:

- A. The Doctors of Teerthanker Mahaveer Medical College & Research Centre & Hospital provided the following services to society:

Academic Result

The teacher is a guide and director, he steers the boat but the energy that propels it must come from those who are learning. Students' performance in the examination reflects the quality of education imparted to them.

Continuous students' evaluation helps in assessing the overall performance and academic standard of the university. The performance of students of various academic programs for the year 2010-11 is summarized below:

Research & Extension

The first and for-most interest of the teaching fraternity is the opportunity and encouragement to conduct research so ample opportunities are made available for the same.

- ❖ The University provides incentives to the faculty to carryout research and publications.
- ❖ Academic leave for participation in seminar/conference/ workshop.
- ❖ Access to online journals through EBSCO.
- ❖ Statistical software SPSS, Advanced Regression Analysis, Metlab, Neural Network.

In-house publication of research journals

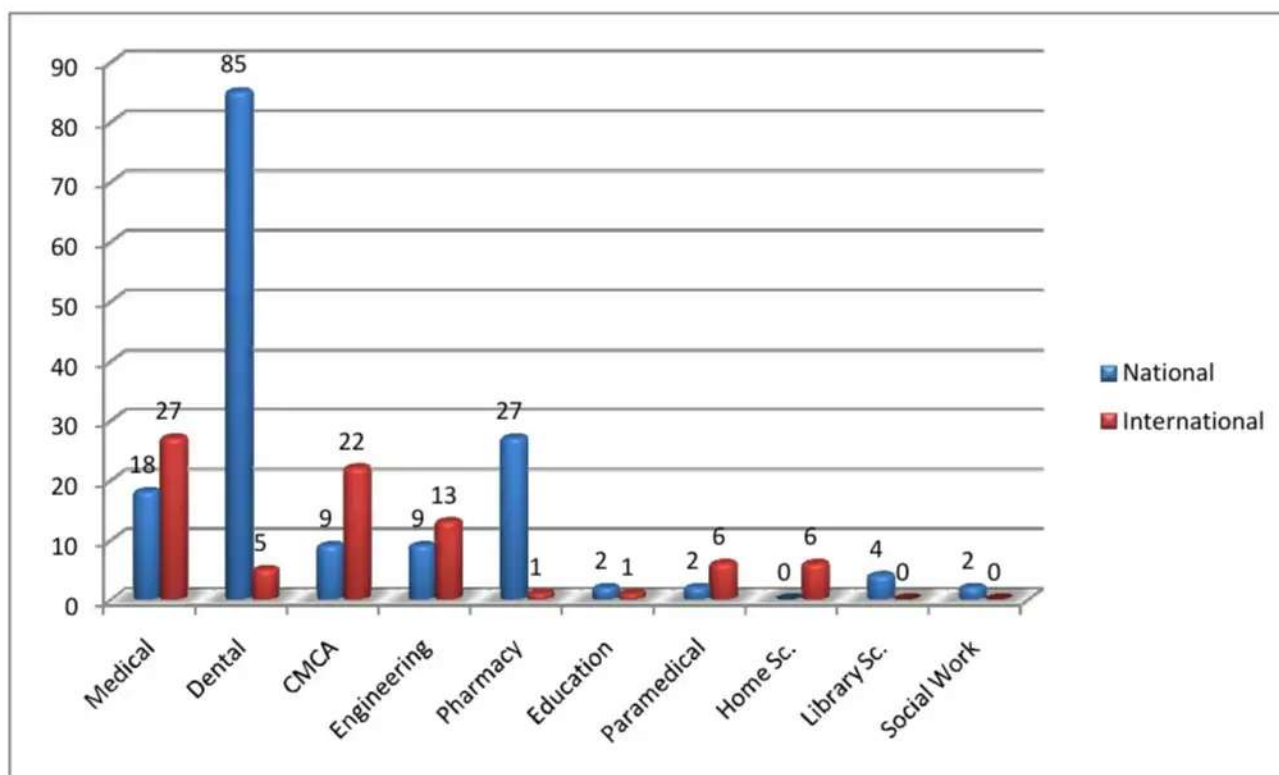

- ❖ View Point, ISSN: 2229-3825 (two issues have been published)
- ❖ S & T Review, ISSN: 2231 -5160
(Review of papers is in progress for the first issue)
- ❖ TMU Journal of Dentistry, ISSN: 2231-6175
(Review of papers is in progress for the first issue)

University sponsored ongoing research projects
