Comments by Member (If any):

It is a good initiative by the university. This course will definitely help students to at least provide first aid to general public in case of orthopaedic emergencies.

i) External Members

Well planned course, will be useful for undergraduate students

Dr. R. K. Singh

ii) Internal Members

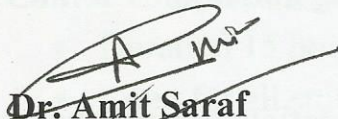

Our course is well appreciated by internal & external members, so we are planning to go ahead with this

Dr. Anurag

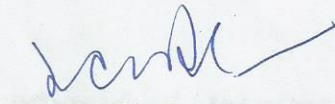

Finalization of Approval:

Introduction of **Value added course, Initial Management of fracture in primary care center & Emergency** for the UG & PG students of all streams enrolled in TMU by the department of orthopaedics approved by all the members unanimously.

The meeting ended with vote of thanks to chair & External experts.
