MESSAGE BOARD

Chancellor's Message

It has been my long cherished dream and earnest desire to contribute to the nation's development and bring about social transformation through education. TMU is dedicated to groom the future technocrats & business leaders. Students are trained to think deeply and rigorously to confront the problems in hand with all the relevant information available.

Suresh Jain

Group Vice Chairman's Message

I feel educational institutions are the means to develop human capabilities for leading a meaningful personal and professional life, thus help nations to develop. At CCSIT, we take tremendous pain to make our students creative thinkers and problem solvers so that they can shape the destiny of the nation.

Manish Jain

Vice Chancellor's Message

The success of educational system hinges on proper planning, efficient administration, adequate financing and effective evaluation system. I call upon all the students who are going to join various programs at our University, to strive hard to gain knowledge, transform it into skills with right attitude and inculcate the habit of learning, which will drive them to self directed learning.

Prof. Rakesh K. Mudgal

Principal's Message

In past years, college has given to the industry and govt. research organizations many illustrious alumni, whose contribution at national and international levels have been significant. I wish the future graduating and post graduating students all the best for forthcoming placement season and hope that they will continue to maintain and improve upon the trend.

Prof. Rakesh Kr. Dwivedi

About University

Teerthanker Mahaveer University has been established under the Act of Government of Uttar Pradesh (No.30 of 2008) on 14th September, 2008 under the aegis of Teerthanker Mahaveer Institute of Management & Technology (Society), Moradabad. The University Grant Commission (UGC) empowers Teerthanker Mahaveer University to award degrees under section 22 of the UGC Act, 1956. The courses have the necessary approval of regulatory bodies. The University has earned international fame in the area of medical science, dentistry, management, and engineering education. Students from all across the world are enrolled here for higher education in various disciplines.

About CCSIT

The Teerthanker Mahaveer College of Computing Sciences and Information Technology came into existence in the year 2014. The college was established by the university with the aim of providing relevant, essential, upgraded education to the young aspirants in the field of computer science and engineering, including computer applications. In recent times and the years to come there will be increasing demand of skilled manpower in the domain of Computer Science and Engineering because of the 'Digital India' mission projected around the globe by the Government of India.

The College of Computing Sciences and Information Technology is the center for all Computer Science related programs run by the university as per the standard UGC norms. The college prepares young engineers to acquire essential knowledge about technological skills that allow them to independently conceptualize, design, develop and implement Computer Applications fulfilling the Software demand for the world. The college offers wide range of academic programs at undergraduate, postgraduate and doctoral level to cater the needs of corporate world. College has adopted effective teaching methodologies. The curriculum is periodically updated by the Board of Studies, to provide upgraded technological knowledge and skill set to the students. There exists a flexible credit system that enables the students to acquire relevant knowledge and skill. Student's participation in workshops, seminars, conferences and various co-curricular activities are an essential component of the learning pedagogy. Eminent academicians of repute, renowned scientists and researchers are invited for interaction and knowledge sharing with the students. The college is supported by competent and experienced core faculty with expertise in various areas of Computer Science and Applications.

Training & Placement Cell (T&P CELL)

The CCSIT Training & Placement cell works all through the year towards generating placement and training opportunities for the students. Reputed industrial houses across the country visit our College regularly for the campus recruitment programs. The prime objective of the division is to facilitate its graduating students and industry by providing a meeting ground where the prospective employer companies can identify suitable candidates for placement in their organization. To achieve 100% employment of our students and to assist students in securing best available jobs, the T & P cell follows two fold approaches:

- + By getting the students to be industry prepared.
- + Inviting companies to the campus and acting as an interface between students and industry by facilitating the selection process of potential employers.

We believe in motivating candidates for a fruitful education career and encouraging them to be self –reliant and skillfull. We also conduct pre-placement talk for students of all the batches as regular feature of their curriculum. This helps the students to develop skills like aptitude test, vocabulary test, spoken English, analytical reasoning group discussion skills and interview skills.

Facilities made available to the students through T&P Cell:-

Arranging campus interviews for final year students for their recruitments.

- + Arranging guest lecturers of eminent personalities from industry for career counselling.
- + Organizing workshops on different topics.
- + Co-ordination for industrial trainings for students.
- + Arranging personality development programs, including mock interviews, written tests and group discussions.

Message From Assistant Director (T&P)

"In the changing global environment, a suitable job is of utmost importance for the students graduating, to facilitate this aspiration of the students we at Teerthankar Mahaveer University have a full-fledged Training and Placement department, which works towards the fulfillment of the student's aspirations of having the best professional career. We provide a comprehensive array of services and support to our students that will assist them in their life-long career development and placement. The department acts as a central hub for the overall development of the student for the final placement and is a storehouse of all information and resources. This Year has seen great achievements in the placement domain with all our students getting good opportunities and some decent placement packages to make them feel confident and happy. My best wishes are with all our placed students."

Vikram Raina

T&P Cell Activities

CCSIT has its full – fledged Training & Placement Cell, which facilitates best career prospect to the students. It is headed by the Principal of CCSIT, who is an Industry veteran having more than 30 years of industrial as well as Academic experience in large industrial conglomerates. T&P constantly explores the companies and Industries where our well groomed students can be placed.

T&P interacts with the IT Industries and Co-ordinate the activities for the students of MCA, BCA, B.Sc.(Hons.)Computer Science,B.Sc.(Animation), B.Tech.(CSE), M.Tech.(CSE) final year. It maintains a strong database of potential recruiters and maintains continuous liaisoning with them, assessing trends in their requirement and making efforts to prepare the prospective managers on these lines. The prime objective of the T&P is to maintain strong industry Institute linkages and strive for the overall development & grooming of the students according to the Industry requirements by conducting workshops, Symposia, Seminars and conferences both at National and International level. T&P has maintained a sound rapport with large number of big companies, industrial conglomerates and reputed business houses. T&P has been making aggressive efforts to provide the best career prospects to the students. We encourage students to work on live projects, which help them to relate classroom teaching with the industrial practices. The Training & Placement Cell of CCSIT provides job opportunities by matching students' knowledge, skills, personality traits and attitudes to the varied requirements of the job. The Training & Placement Cell, therefore, grooms students holistically right from soft skills, presentation skills, and interview skills to successful attainment of lucrative job offers.

This company which originally was called IBM Daksh is a regular visitor for Campus Placement at CCSIT. They selected 21 bright students from CCSIT.

The Training and Placement Cell, apart from giving an outstanding placement record provides the platform for students to gain the most from the personality development and professional programs like CISCO, ORACLE, QAI Testing Program, RED HAT LINUX, MICROSOFT.NET PROGRAM, CLOUD COMPUTING. We believe that students have primary responsibility during placements. We focus on not just creating engineers but pioneers and leaders for the future development of our nation.

One of the leading business process company visited CCSIT for its human resource requirements. They finally selected 7 students from CCSIT.

Students from previous batches have furthered from the solid foundation of our institution by taking placements in companies with top global reputation. Training & Placement Cell looks after the interests of the students and the recruiting organizations by acting as channel of communication between them.

TCS Ignite program is a major attraction for graduating students. Like last year this year also 34 students were called for final selection round. Till now we have selection and more are awaited.

Wipro is a leading IT Services Company which is into other businesses as well, they conducted a pool campus placement drive at CCSIT. We are proud to announce 15 selections from TMU Location.

Every student dreams of a good professional career and to start with a reputed corporate firm. I got selected to work with India's biggest service based company TCS. I am glad to have such an amazing career opportunity. Thank you TMU for instilling a sense of confidence and responsibility in me to follow my dreams.

Life at TMU & CCSIT is filled with lot of hard work, dedication and loads of knowledge. I have immensely improved my life experiences being a part of this excellent institution. The icing on the cake was being placed in WIPRO, through the hard work of the placement team. Kudos to them.

I am thankful to TMU for giving me WIPRO. A lifetime opportunity of their immense support has helped me in shaping my career. I feel proud to be a CCSIT'ian. Had a great experience of studying at TMU. God bless CCSIT & TMU.

I am very happy to be studying in CCSIT under the guidance of Prof. R.K. Dwivedi and his team. My placement cell has made my dream come true by placing me in Daffodil Software; I have achieved my level best here. I have received right direction and suggestion from highly experienced and professional faculty member of the CCSIT. Thus giving me the confidence to excel. Thank you all for making my dream true.

I am thankful to the CCSIT (TMU) family of students, teachers and TGP cell for being a part in shaping the person I am today. TGP of College of Computing Sciences & Information Technology has organised many on placement drives. At Optimus, where I am placed, I intend to start my new life, all thanks to the TGP Cell for giving me this platform. To all the aspiring candidates who have been pondering over the thought, whether or not to apply for the B.Tech. (CSE) course in TMU, here's my piece of advice - "JUST DO IT".

My journey at CCSIT has been very memorable, it has groomed me for the corporate world in these 5 years have enhanced my learning curve. It has given me one of the best platforms of knowledge, values and skills which are essential in this competitive world. I would want to thank our principal sir Dr. Rakesh Kumar Dwivedi for providing us with facilities to excel in education and for encouraging us to always strive for the best. I was able to secure placement at a very reputed companies because of the positive efforts made by our training & placement cell. I feel blessed to have been a part of CCSIT.
